Hickory Creek Code of Ordinances 3.06.005 (i) All swimming pools and spas, whether private (single family) or public (hotel, motel, apartment, etc.) shall be fenced or enclosed. The fence or enclosure shall extend around the entire pool or spa and have a minimum height of four (4) feet. The fence or enclosure shall be equipped with self closing and self latching gates or doors that will close and latch when released from an open position 6 inches from the gatepost. Where the release mechanism of the self latching device is located less than 54 inches from the bottom of the gate, the release mechanism shall be located on the pool side of the gate at least 6 inches below the top of the gate and the gate and the barrier shall not have an opening greater than 0.5 inch within 18 inches of the release mechanism. Such fence and gates shall be so constructed as to have no openings, holes or gaps in or under larger than 4 inches in any dimension. When the fence is constructed of horizontal members and the distance is less than 45 inches between the members, then the horizontal members shall be located on the swimming pool side of the fence or shall be so constructed as to not provide a climbable surface. No water shall be placed in any swimming pool within the Town by any person unless and until there shall be erected and in place a fence which meets these specifications.
