The Parks, Recreation and Open Space Master Plan Steering committee will meet on Wednesday, January 29, 2020 at 6:30 p.m.

#### **Public Comment**

Nancy True, 12 Tanglewood Drive, stated she has concerns regarding utilizing cell towers in the parks and neighborhoods as a broadband solution. Assumption that these expanding technologies are harmless is so prevalent, most people do not consider the health concerns. She did as well, until a near-death episode in 2013, when she discovered the health challenges that accompany exposure. Contributing to her recovery has been avoidance of big tech toxicity which is what attracted her to Hickory Creek when she purchased her home in August 2019. She provided "Physicians for Safe Technology, Cell Town Health Effects," for the council to review and urged the council to not allow cell towers to be constructed in Hickory Creek. There are other broadband solutions that are fantastic.

Consider and act on an ordinance of the Town Council of the Town of Hickory Creek

declaring unopposed candidates in the May 2, 2020 general town election.

## TOWN OF HICKORY CREEK ORDINANCE NO. 2020-02-

AN ORDINANCE OF THE TOWN COUNCIL OF THE TOWN OF HICKORY CREEK DECLARING UNOPPOSED CANDIDATES IN THE MAY 2, 2020 GENERAL TOWN ELECTION; PROVIDING FOR DECLARATION OF OFFICE; PROVIDING FOR CANCELLATION; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

**WHEREAS,** the Town of Hickory Creek, Texas is a Type "A" General Law Municipality located in Denton County, Texas, created in accordance with the provisions of the Texas Local Government Code and operating pursuant to the enabling legislation of the State of Texas; and

**WHEREAS,** the general election for the Town of Hickory Creek, as set forth by the Texas Election Code, was called to be held on May 2, 2020 for the purpose of electing Town Council members to fill the following terms on the Town of Hickory Creek Town Council: Mayor, Place 2 and Place 4; each term being for a period of two years.; and

**WHEREAS**, the Town Secretary has certified in writing that there is no proposition on the ballot, that no person has made a declaration of write-in candidacy, and that each candidate on the ballot is unopposed for election to office; and

**WHEREAS,** under these circumstances, Chapter 2, Subchapter C of the Texas Election Code, authorizes the Town Council to declare the candidates elected to office and cancel the election.

## NOW, THEREFORE, BE IT ORDAINED BY THE TOWN COUNCIL OF THE TOWN OF HICKORY CREEK, TEXAS, THAT:

### SECTION 1 DECLARATION OF OFFICE

The following candidates, who are unopposed in the May 2, 2020 general town election, are declared elected to office, and shall be issued certificates of election following the time the election would have been canvassed:

Lynn Clark Mayor

Richard DuPree Council Place 2

Paul Kenney Council Place 4

#### SECTION 2 CANCELLATION

The May 2, 2020 General Town Election is canceled, and the Town Secretary is directed to cause a copy of this Ordinance to be posted on Election Day at each polling place that would have been used in the election.

### SECTION 3 SEVERABILITY

The provisions of this Ordinance are severable. However, in the event this Ordinance or any procedure provided in this Ordinance becomes unlawful, or is declared or determined by a judicial, administrative or legislative authority exercising its jurisdiction to be excessive, unenforceable, void, illegal or otherwise inapplicable, in whole or in part, the remaining and lawful provisions shall be of full force and effect and the Town shall promptly promulgate new revised provisions in compliance with the authority's decision or enactment.

#### SECTION 4 NECESSARY ACTIONS

The Mayor, Town Secretary and Town Attorney are hereby authorized and directed to take any and all actions necessary to comply with the provisions of the Texas Election Code in carrying out the cancellation of the May 2, 2020 election.

## SECTION 5 EFFECTIVE DATE

This Ordinance shall become effective immediately upon its passage and approval.

AND IT IS SO ORDAINED.

#### PERFORMANCE WORK STATEMENT (PWS)

#### Increased Law Enforcement Services, Hickory Creek Police Department Lewisville Lake 2020

- 1. <u>GENERAL</u>: This is a non-personal services contract to provide increased law enforcement services. The Government shall not exercise any supervision or control over the contract service providers performing the services herein. Such contract service providers shall be accountable solely to the Contractor who, in turn is responsible to the Government.
  - 1.1 <u>Description of Services/Introduction</u>: The Contractor shall provide all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items and non-personal services necessary to perform increased law enforcement services as defined in this Performance Work Statement except for those items specified as government furnished property and services. The Contractor shall perform to the standards in this contract.
  - 1.2. Scope: Hickory Creek Police Department (Contractor) agrees to provide a specific level of increased law enforcement services for that part of Lewisville Lake lying within town of Hickory Creek for the purpose of enforcement of State and local criminal and civil laws. Services include vehicular patrol by the contractor of the interior roads of Hickory Creek, Westlake and Oakland Parks (Appendix E). The contractor shall accomplish enforcement of state and local laws, monitoring of visitor use to increase public safety, and assisting Corps of Engineers rangers with their visitor assistance duties if requested. This contract does not include or reimburse for services and patrol activities in any other areas on Corps property currently administered, operated or maintained by town of Hickory Creek.
  - 1.3 Period of Performance: Contractor shall provide described services on certain days of the week from 01 May, 2020 through 13 September 2020, for a total of 496 patrol hours, further specified in Appendices A,B, and C to this PWS. Effective start date is 01 May 2020 or after the contractor has been notified by the Contracting Officer, Fort Worth District, that the contract has been executed, whichever is later. Patrols will be conducted on Fridays, Saturdays and Sundays, as well as when a Federal holidays (see Appendices A,B and C)

#### 1.4 General Information

- 1.4.1 Quality Control (Not applicable)
- 1.4.2 <u>Quality Assurance</u>: The Contractor will prepare a Daily Enforcement Action Summary in accordance with the attached format (Appendix D). The summary will be completed daily and submitted at the close of each month to the Corps of Engineers representative listed in paragraph 1.4.11 of this plan. The Government shall evaluate the contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan. This plan is primarily focused on what the Government must do to ensure that the contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied.
- 1.4.3 <u>Government Holidays</u>: Contractor will be required to perform services on those Federal holidays falling during the contract period, namely, Memorial Day, Independence Day and Labor Day (see Appendices A,B and C).
- 1.4.4 Hours of Operation: [Not applicable]

- 1.4.5 <u>Place of Performance</u>: The work to be performed under this contract will be performed at Corps administered lands in Hickory Creek Town Limits specified in Para. 1.2. State and local law enforcement agencies generally have the same authority and responsibilities on Corps administered lands as they do elsewhere in their respective jurisdictions. Because of this, requests by the Lake Manager or his authorized representative for emergency or unanticipated law enforcement assistance will be considered non-reimbursable.
  - 1.4.6 Type of Contract: The government will award a firm fixed price contract
  - 1.4.7 <u>Security Requirements</u>: This contract does not require Contractor personnel to have access to or enter secured government facilities such as dam outlet structures, powerhouses, etc. Contractor personnel shall follow locally-established security policies and procedures such as key control and security of lock combinations.
    - 1.4.7.1 AT Level 1 Training. All contractor employees, to include subcontractor employees, requiring access to Army installations, facilities, controlled access areas, or require network access, shall complete AT Level 1 awareness training within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever is applicable. Upon request, the contractor shall submit certificates of completion for each affected employee and subcontractor employee, to the COR or to the contracting officers (if a COR is not assigned), within 5 calendar days after completion of training by all employees and subcontractor personnel. AT Level 1 awareness training is available at the following website: http://jko.jten.mil/courses/atl1/launch.html; or it can be provided by the RA ATO in presentation form which will be documented via memorandum.

#### 1.4.7.2 General Protection/Security Policy and Procedures:

- 1.4.7.2.1 All contractor and all associated sub-contractors employees shall comply with applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative). The contractor shall also provide all information required for background checks to meet installation/facility access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal identity verification requirements (FAR clause 52.204-9, Personal Identity Verification of Contractor Personnel) as directed by DOD, HQDA and/or local policy. In addition to the changes otherwise authorized by the changes clause of this contract, should the Force Protection Condition (FPCON) at any installation or facility change, the Government may require changes in contractor security matters or processes.
- 1.4.7.2.2 Contractor and all associated sub-contractors employees shall comply with adjudication standards and procedures using the National Crime Information Center Interstate Identification Index (NCIC-III) and Terrorist Screening Database (TSDB) (Army Directive 2014-05 / AR 190-13), applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative, as NCIC and TSDB are available), or, at OCONUS locations, in accordance with status of forces agreements and other theater regulations.
- 1.4.7.3 Key Control: Government keys provided to the contractor will be issued and controlled in accordance with IAW AR 190-51. The Contractor shall establish and implement methods of making sure all keys issued to the Contractor by the Government are not lost or misplaced and are not used by unauthorized persons. No keys issued to the Contractor by the Government shall be duplicated. The Contractor shall develop procedures covering key control that shall be provided

in writing to the Lake Security Officer. Such procedures shall include turn-in of any issued keys by personnel who no longer require access to locked areas. The Contractor shall immediately report any occurrences of lost or duplicate keys to the Contracting Officer.

- (a) The Contractor shall prohibit the use of Government issued keys by any persons other than the Contractor and team member. The Contractor shall prohibit the opening of locked areas by persons other than the Contractor and team member.
- 1.4.8 Special Qualifications: All Contractor personnel shall be currently certified and licensed Texas Peace Officers in accordance with the requirements of the Texas Commission of Law Enforcement Officer Standards and Education. TCLEOSE standards meet or exceed E-verify and background check requirements established by the Department of Homeland Security. The Contractor will provide, in advance, the Corps representative designated in paragraph 1.4.11 the name of each Deputy who will be performing scheduled work under this contract.
- 1.4.9 Post Award Conference/Periodic Progress Meetings: The Contractor agrees to attend any post award conference convened by the contracting activity or contract administration office in accordance with Federal Acquisition Regulation Subpart 42.5. The Contracting Officer, Quality Assurance(QA) Point of Contact(POC), and other Government personnel, as appropriate, may meet periodically with the contractor to review the contractor's performance. At these meetings the Contracting Officer will apprise the contractor of how the Government views the contractor's performance and the contractor will apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the Government.
- 1.4.10 <u>Contracting Officer Representative (COR)</u>: A COR will not be appointed for this contract. Quality Assurance duties will be performed by the Quality Assurance Point of Contact (POC) designated in Paragraph 1.4.11

#### **Performance Requirements Summary**

The contractor service requirements are summarized into performance objectives that relate directly to mission essential items. The performance threshold briefly describes the minimum acceptable levels of service required for each requirement. These thresholds are critical to mission success.

Performance Objective	Standard	Performance Threshold	Method of Surveillance
The contractor shall provide additional patrolling presence and discretionary law enforcement actions in specified areas to help keep the peace and increase public safety in parks and other designated Corps areas. (see sec. 1.2)	The contractor provided visible and verifiable presence and actions in the designated areas at the specified days and times. (see sec. 1.4.12)	All required shifts were covered and the specified contract services were performed. Contractor coordinated in advance with Corps key personnel in the event of an unforeseen event which prevented an officer from serving all or part of a shift, which would not be billable to the Government. (see sec. 1.4.11)	Contractor's Daily Enforcement Action Summaries turned in by Contractor will be examined by QA POC, as will Law Enforcement Park Logs signed by Officers serving under this contract to ensure accuracy prior to authorizing payment. (see sec. 1.4.2)

#### 52.212-3 OFFEROR REPRESENTATIONS AND CERTIFICATIONS--COMMERCIAL ITEMS (OCT 2018)

The Offeror shall complete only paragraph (b) of this provision if the Offeror has completed the annual representations and certification electronically in the System for Award Management (SAM) accessed through <a href="https://www.sam.gov">https://www.sam.gov</a>. If the Offeror has not completed the annual representations and certifications electronically, the Offeror shall complete only paragraphs (c) through (u) of this provision.

#### (a) Definitions. As used in this provision --

"Economically disadvantaged women-owned small business (EDWOSB) Concern" means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States and who are economically disadvantaged in accordance with 13 CFR part 127. It automatically qualifies as a women-owned small business eligible under the WOSB Program.

<sup>&</sup>quot;Forced or indentured child labor" means all work or service-

- (1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or
- (2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process or penalties.
- "Highest-level owner" means the entity that owns or controls an immediate owner of the offeror, or that owns or controls one or more entities that control an immediate owner of the offeror. No entity owns or exercises control of the highest level owner.
- "Immediate owner" means an entity, other than the offeror, that has direct control of the offeror. Indicators of control include, but are not limited to, one or more of the following: Ownership or interlocking management, identity of interests among family members, shared facilities and equipment, and the common use of employees.
- "Inverted domestic corporation" means a foreign incorporated entity that meets the definition of an inverted domestic corporation under 6 U.S.C. 395(b), applied in accordance with the rules and definitions of 6 U.S.C. 395(c).
- "Manufactured end product" means any end product in product and service codes (PSCs) 1000-9999, except-
- (1) PSC 5510, Lumber and Related Basic Wood Materials;
- (2) Product or Service Group (PSG) 87, Agricultural Supplies;
- (3) PSG 88, Live Animals;
- (4) PSG 89, Subsistence;
- (5) PSC 9410, Crude Grades of Plant Materials;
- (6) PSC 9430, Miscellaneous Crude Animal Products, Inedible;
- (7) PSC 9440, Miscellaneous Crude Agricultural and Forestry Products;
- (8) PSC 9610, Ores;
- (9) PSC 9620, Minerals, Natural and Synthetic; and
- (10) PSC 9630, Additive Metal Materials.
- "Place of manufacture" means the place where an end product is assembled out of components, or otherwise made or processed from raw materials into the finished product that is to be provided to the Government. If a product is disassembled and reassembled, the place of reassembly is not the place of manufacture.
- "Predecessor" means an entity that is replaced by a successor and includes any predecessors of the predecessor.
- "Restricted business operations" means business operations in Sudan that include power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, as those terms are defined in the Sudan Accountability and Divestment Act of 2007 (Pub. L. 110-174). Restricted business operations do not include business operations that the person (as that term is defined in Section 2 of the Sudan Accountability and Divestment Act of 2007) conducting the business can demonstrate--
- (1) Are conducted under contract directly and exclusively with the regional government of southern Sudan;

- (2) Are conducted pursuant to specific authorization from the Office of Foreign Assets Control in the Department of the Treasury, or are expressly exempted under Federal law from the requirement to be conducted under such authorization;
- (3) Consist of providing goods or services to marginalized populations of Sudan;
- (4) Consist of providing goods or services to an internationally recognized peacekeeping force or humanitarian organization;
- (5) Consist of providing goods or services that are used only to promote health or education; or
- (6) Have been voluntarily suspended.
- "Sensitive technology"--
- (1) Means hardware, software, telecommunications equipment, or any other technology that is to be used specifically--
- (i) To restrict the free flow of unbiased information in Iran; or
- (ii) To disrupt, monitor, or otherwise restrict speech of the people of Iran; and
- (2) Does not include information or informational materials the export of which the President does not have the authority to regulate or prohibit pursuant to section 203(b)(3) of the International Emergency Economic Powers Act (50 U.S.C. 1702(b)(3)).
- "Service-disabled veteran-owned small business concern"--
- (1) Means a small business concern--
- (i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and
- (ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.
- (2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).
- "Small business concern" means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR Part 121 and size standards in this solicitation.
- "Small disadvantaged business concern", consistent with 13 CFR 124.1002, means a small business concern under the size standard applicable to the acquisition, that--
- (1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by-
- (i) One or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals who are citizens of the United States; and
- (ii) Each individual claiming economic disadvantage has a net worth not exceeding \$750,000 after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and

- (2) The management and daily business operations of which are controlled (as defined at 13.CFR 124.106) by individuals, who meet the criteria in paragraphs (1)(i) and (ii) of this definition.
- "Subsidiary" means an entity in which more than 50 percent of the entity is owned-
- (1) Directly by a parent corporation; or
- (2) Through another subsidiary of a parent corporation.
- "Successor" means an entity that has replaced a predecessor by acquiring the assets and carrying out the affairs of the predecessor under a new name (often through acquisition or merger). The term "successor" does not include new offices/divisions of the same company or a company that only changes its name.
- "successor" does not include new offices/divisions of the same company or a company that only changes its name. The extent of the responsibility of the successor for the liabilities of the predecessor may vary, depending on State law and specific circumstances.
- "Veteran-owned small business concern" means a small business concern-
- (1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and
- (2) The management and daily business operations of which are controlled by one or more veterans.
- "Women-owned business concern" means a concern which is at least 51 percent owned by one or more women; or in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and whose management and daily business operations are controlled by one or more women.
- "Women-owned small business concern" means a small business concern-
- (1) That is at least 51 percent owned by one or more women or, in the case of any publicly owned business, at least 51 percent of its stock is owned by one or more women; or
- (2) Whose management and daily business operations are controlled by one or more women.
- "Women-owned small business (WOSB) concern eligible under the WOSB Program (in accordance with 13 CFR part 127)", means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States.
- (b) (1) Annual Representations and Certifications. Any changes provided by the Offeror in paragraph (b)(2) of this provision do not automatically change the representations and certifications in SAM.
- (2) The offeror has completed the annual representations and certifications electronically in SAM accessed through <a href="http://www.sam.gov">http://www.sam.gov</a>. After reviewing SAM information, the Offeror verifies by submission of this offer that the representations and certifications currently posted electronically at FAR 52.212-3, Offeror Representations and Certifications--Commercial Items, have been entered or updated in the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), at the time this offer is submitted and are incorporated in this offer by reference (see FAR 4.1201), except for paragraphs

items covered by the WTO GPA, the Government will evaluate offers of U.Smade or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.Smade or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.
(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals-
(1) [ ] Are, [ ] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
(2) [ ] Have, [ ] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and
(3) [ ] Are, [ ] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and
(4) [ ] Have, [ ] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.
(i) Taxes are considered delinquent if both of the following criteria apply:
(A) <i>The tax liability is finally determined</i> . The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.
(ii) Examples.
(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had

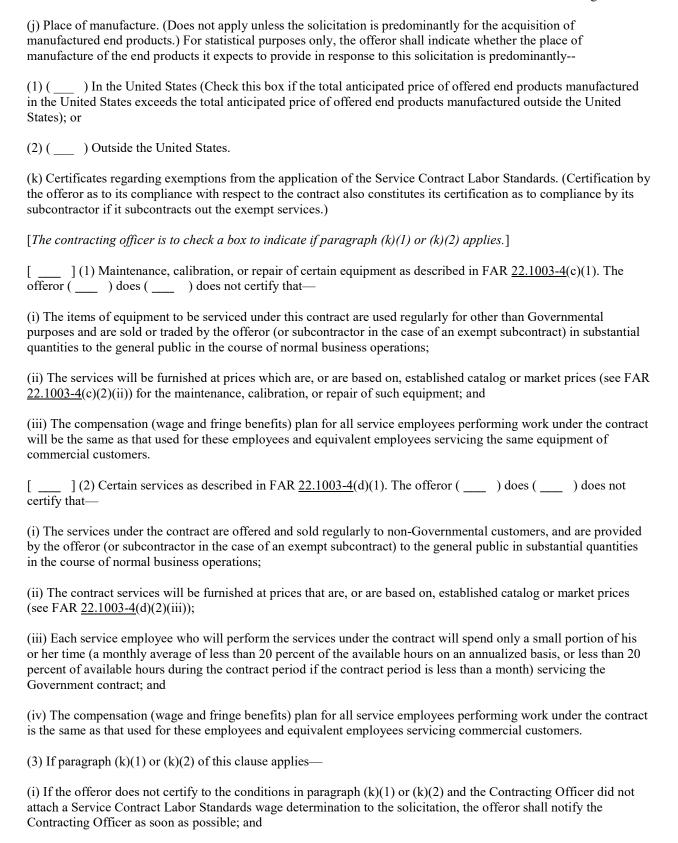

no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

- (C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
- (D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
- (i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

#### 52.219-28 POST-AWARD SMALL BUSINESS PROGRAM REREPRESENTATION (JULY 2013)

(a) Definitions. As used in this clause--

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause. Such a concern is ``not dominant in its field of operation" when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. In determining whether dominance exists, consideration shall be given to all appropriate factors, including volume of business, number of employees, financial resources, competitive status or position, ownership or control of materials, processes, patents, license agreements, facilities, sales territory, and nature of business activity.

- (b) If the Contractor represented that it was a small business concern prior to award of this contract, the Contractor shall rerepresent its size status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon the occurrence of any of the following:
- (1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.
- (2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.
- (3) For long-term contracts--
- (i) Within 60 to 120 days prior to the end of the fifth year of the contract; and
- (ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.
- (c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code assigned to this contract. The small business size standard corresponding to this NAICS code can be found at http://www.sba.gov/content/table-small-business-size-standards.
- (d) The small business size standard for a Contractor providing a product which it does not manufacture itself, for a contract other than a construction or service contract, is 500 employees.
- (e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The
- Contractor shall notify the contracting office in writing within the timeframes specified in paragraph (b) of this clause that the data have been validated or updated, and provide the date of the validation or update.
- (f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.
- (g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

The Contractor represents that it ( ) is, ( ) is not a small business concern under NAICS Code 922120- assigned to contract number TBD.

(Contractor to sign and date and insert authorized signer's name and title).

2017. If this contract is covered by the EO the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness injury or other health-related needs including preventive care; to assist a family member (or person who is like family to the employee) who is ill injured or has other health-related needs including preventive care; or for reasons resulting from or to assist a family member (or person who is like family to the employee) who is the victim of domestic violence sexual assault or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.54 per hour up to 40 hours per week or \$181.60 per week or \$786.93 per month

HEALTH & WELFARE EO 13706: \$4.22 per hour up to 40 hours per week or \$168.80 per week or \$731.47 per month\*

\*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706 Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor 3 weeks after 5 years and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor wherever employed and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day Martin Luther King Jr.'s Birthday Washington's Birthday Memorial Day Independence Day Labor Day Columbus Day Veterans' Day Thanksgiving Day and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b) this wage determination does not apply to any employee who individually qualifies as a bona fide executive administrative or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per

week) an hour would likely qualify as exempt computer professionals (29 C.F.R. 541. 400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally because job titles vary widely and change quickly in the computer industry job titles are not determinative of the application of the computer professional exemption. Therefore the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

- (1) The application of systems analysis techniques and procedures including consulting with users to determine hardware software or system functional specifications;
- (2) The design development documentation analysis creation testing or modification of computer systems or programs including prototypes based on and related to user or system design specifications;
- (3) The design documentation testing creation or modification of computer programs related to machine operating systems; or
- (4) A combination of the aforementioned duties the performance of which requires the same level of skills. (29 C.F.R. 541.400).
- 2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

#### \*\* HAZARDOUS PAY DIFFERENTIAL \*\*

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance explosives and incendiary materials. This includes work such as screening blending dying mixing and pressing of sensitive ordnance explosives and pyrotechnic compositions such as lead azide black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization modification renovation demolition and maintenance operations on sensitive ordnance explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with or in close proximity to ordnance (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands face or arms of the employee engaged in the operation irritation of the skin minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving unloading storage and hauling of ordnance explosive and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance explosives and incendiary material differential pay.

#### \*\* UNIFORM ALLOWANCE \*\*

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract by the employer by the state or local law etc.) the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition where uniform cleaning and maintenance is made the responsibility of the employee all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount or the furnishing of contrary affirmative proof as to the actual cost) reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However in those instances where the uniforms furnished are made of ""wash and wear"" materials may be routinely washed and dried with other personal garments and do not require any special treatment such as dry cleaning daily washing or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract by the contractor by law or by the nature of the work there is no requirement that employees be reimbursed for uniform maintenance costs.

#### \*\* SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS \*\*

The duties of employees under job titles listed are those described in the ""Service Contract Act Directory of Occupations"" Fifth Edition (Revision 1) dated September 2015 unless otherwise indicated.

\*\* REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE Standard Form 1444 (SF-1444) \*\*

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e. the work to be performed is not performed by any classification listed in the wage determination) be classified by the contractor so as to provide a reasonable relationship (i.e. appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification wage rate and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award the contractor prepares a written report listing in order the proposed classification title(s) a Federal grade equivalency (FGE) for each proposed classification(s) job description(s) and rationale for proposed wage rate(s) including information regarding the agreement or disagreement of the authorized representative of the employees involved or where there is no authorized representative the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action together with the agency's recommendations and pertinent information including the position of the contractor and the employees to the U.S. Department of Labor Wage and Hour Division for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt the Wage and Hour Division approves modifies or disapproves the action via transmittal to the agency contracting officer or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy

of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6 (b) (2) (iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember it is not the job title but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split combine or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

Consider and act on a resolution of the Town Council of the Town of Hickory Creek, Texas authorizing the Mayor of the Town of Hickory Creek, Texas to execute a Memorandum of Understanding by and between the Town of Hickory Creek, Texas and the Cross Timbers Equestrian Trail Association and the U.S. Army Corps of Engineers, Fort Worth District.

# TOWN OF HICKORY CREEK, TEXAS RESOLUTION NO. 2020-0224-

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF HICKORY CREEK, TEXAS, HEREBY AUTHORIZING THE MAYOR OF THE TOWN OF HICKORY CREEK, TEXAS, TO EXECUTE A MEMORANDUM OF UNDERSTANDING BY AND BETWEEN THE TOWN OF HICKORY CREEK, TEXAS AND THE CROSS TIMBERS EQUESTRIAN TRAIL ASSOCIATION AND THE U.S. ARMY CORPS OF ENGINEERS, FORT WORTH DISTRICT; AND PROVIDING AN EFFECTIVE DATE.

**WHEREAS,** the Town of Hickory Creek (the "Town"), Texas is a Type A General Law Municipality located in Denton County, Texas, created in accordance with the provisions of the Texas Local Government Code and operating pursuant to enabling legislation of the State of Texas; and

WHEREAS, the Town Council has been presented with a proposed Memorandum of Understanding by and between the Town of Hickory Creek, Texas, the Cross Timbers Equestrian Trail Association, and the U.S. Army Corps of Engineers, Fort Worth District (hereinafter the "Agreement") to provide a mechanism by which the U.S. Army Corps of Engineers, Fort Worth District, can process a request from the Cross Timbers Equestrian Trail Association and the Town of Hickory Creek to maintain an agreement for hiking and equestrian trails across corps property at Lewisville Lake, Texas, a copy of which is attached hereto as Exhibit "A" and incorporated herein by reference; and

**WHEREAS**, upon full review and consideration of the Agreement, and all matters attendant and related thereto, the Town Council is of the opinion that the terms and conditions thereof should be approved, and that the Mayor shall be authorized to execute them on behalf of the Town of Hickory Creek.

**NOW, THEREFORE, BE IT RESOLVED** by the Town Council of the Town of Hickory Creek, Texas:

**Section 1:** That the Mayor of the Town of Hickory Creek, Texas, is hereby authorized to execute on behalf of the Town of Hickory Creek, Texas, the Agreement attached hereto as Exhibit A.

**Section 2**: This Resolution shall take effect immediately upon its passage.

**PASSED AND APPROVED** by the Town Council of the Town of Hickory Creek, Texas this 27<sup>th</sup> day of January, 2020.

Lynn C. Clark, Mayor Town of Hickory Creek, Texas

#### DEPARTMENT OF THE ARMY

FORT WORTH DISTRICT, CORPS OF ENGINEERS P. O. BOX 17300 FORT WORTH, TEXAS 76102-0300

# MEMORANDUM OF UNDERSTANDING BETWEEN CROSS TIMBERS EQUESTIAN TRAIL ASSOCIATION, TOWN OF HICKORY CREEK, AND U.S. ARMY CORPS OF ENGINEERS, FORT WORTH DISTRICT

- 1. Purpose: The purpose of this Memorandum of Understanding (MOU) is to provide a mechanism by which the U.S. Army Corps of Engineers (USACE), Fort Worth District can process a request from the Cross Timbers Equestrian Trail Association, the Town of Hickory Creek, to maintain an agreement for hiking and equestrian trails across USACE property at Lewisville Lake, Texas.
- 2. Objective: The objective of the MOU is to establish procedures, responsibilities, and financial obligations between USACE, Cross Timbers Equestrian Trail Association, and the Town of Hickory Creek for support of the environmental, and operations involved in activities associated with the hiking and equestrian trail on USACE property at Lewisville Lake. Any structure, supplies, and material must be given permission by USACE before being built or brought onto government property.

## Section I Challenge Cost-Sharing Agreement

The Challenge Cost-Sharing Agreement was entered into by the U.S. Army Corps of Engineers, the Towns of Hickory Creek and the Cross Timbers Equestrian Trail Association in November 2019 to facilitate the planning and maintenance of public recreational hiking and equestrian trails at Lewisville Lake on government lands. Specifically to maintain the trail north of Hickory Creek and connect the existing Pilot Knoll Trails, under easement to the Town of Copper Canyon, east to Sycamore Bend Park in the Town of Hickory Creek via the historical Old Alton Bridge.

Under the agreement signing organizations and the Corps operate and maintain the trails within their respective jurisdictions according to a plan approved by all partners. The long-term objective to create a unified trails system operated and maintained consistently as it transverses one jurisdiction to the next.

Section II Trail Layout

The Government shall provide and update at reasonable intervals GIS data maps of the trails

system on aerial views.

#### Section III Architectural Theme & Materials

The architectural theme is rustic western. Materials should be chosen for durability, vandal resistance, availability, and cost effectiveness. Structures and signage placed along the trails are intended to be harmonious and consistent with the natural, native surroundings. Whenever possible, the natural color scheme of the Cross-Timbers forest is to be used with varying shades of grays, browns, and greens predominantly.

Structures amenities and improvements should conform to the rustic western theme and the project plan. Materials used for construction, should be of the same or similar type and in similar style and appearance to existing buildings, pavilions and other amenities already found at Sycamore Bend Park, Pilot Knoll Park and along the Pilot Knoll Trail system including the historical Old Alton Bridge.

# Section IV Hiking & Equestrian Trail Standards & Guidelines

The Trail Standards & Guidelines are based on currently available references and recommended standards for hiking and equestrian trails; and current maintenance and operations practices on existing trails on government lands in the Elm Fork Project.

Basic trail installations are those essential to the establishment and use of the trail system; including elements that define boundaries, are necessary for trail tread construction to permit water flow or prevent erosion, provide for crossings at roads or rivers/streams, or are necessary for public safety and use. These are included in the Trail Standards & Guidelines. An improvement is an amenity that is desirable and will enhance the user experience but is non-essential and is addressed separately. All improvements must be submitted, and given permission by USACE prior to arrival on government property.

#### A. Location

The trail shall follow a designated route as GIS mapped and approved by the partners and government on government lands.

#### B. Trail Corridor (Area)

A 20-ft. corridor width is recommended. The corridor should be of sufficient width to allow room for relocation of the trail within the corridor to facilitate drainage, minimize erosion and provide screening to adjacent private landowners.

#### C. Trail Width

A 10-ft. standard for trail width is recommended to allow sufficient clearance for use by maintenance and emergency vehicles. In the event of non-conforming areas created by circumstance of topography, utilities or some other unalterable barrier, establish the trail in the location providing the greatest width available, preferably greater than 8-ft. and no less than 6-ft.

Nonconforming trail should only be allowed when no alternative is available.

# D. Trail Tread (Footing)

The tread is the surface of the trail (footing). The preferred surfaces are naturally occurring soils, grasses and dirt (primary) and granular stone (secondary with improvements such as culverts, hardening at crossings or drainage).

# E. Turning Radius/Switchbacks

A 5-ft. minimum and 10 ft. maximum turning radius is recommended. For switchbacks, the radius should be adequate to prevent a rider or hiker "cutting the corner" and eroding the turn. A switchback intended for maintenance and emergency vehicle use should be 10- ft. radius and reinforced sufficiently to support the weight of intended vehicular use.

## F. Gradient

The trail should follow the contour of the land where possible and be located above the 532 ft. elevation contour for trails at Lewisville Lake whenever possible.

## G. Ascent

The trail should be constructed so any grade of the trail shall increase gradually. The trail should be aligned to transverse the face of a slope horizontally at a modest grade, less than 3:1 making use of switchbacks on larger slopes, as opposed to ascending the slope in a vertical route from the base of the slope to the crest at a steeper grade.

# H. Slope and Backslope

Backslope is the cutting into and filling on the face of a slope to construct trail. The trail tread shall be cut at an angle with outsloping sufficient to ensure drainage away from the face of the hill and allowing for compaction and wear, providing a stable condition with minimum maintenance.

#### I. Steps

Steps should be avoided in equestrian trails.

# J. Footpaths

A secondary path of stepping stones may be used, clearly separate from the equestrian route and marked for "hikers only" at low water crossings and in areas where the ground is suitable for equestrians but less so for hikers.

# K. Drainage

Allow whenever possible for natural drainage. Avoid locating the trail in boggy and wet areas whenever possible. Transverse low or drainage areas perpendicular to the route of drainage and water flow to minimize erosion. Install low water crossings where possible. Install drainage modifications to correct wet areas, with installation of culverts reserved for use in areas of significant flow or erosion potential. Outslope cutting the inner edge of trail along a hillside higher than the outer edge so water is shed across and off the trail instead of collecting and

running downhill on the trail. Shallow dips of 3" from hill face to edge filled with gravel or other permeable material may be used to channel flow.

## L. Fences and Gates

The Government uses a standard unpainted metal pipe rail fence along Government property boundaries, around parking areas, for gates and walk in access areas. Some remote boundary and secondary interior fences are constructed of T-posts and wire. Gates are typically hinged, welded pipe metal construction hung on pipe metal H-braces

that swings open fully both directions. Gates routinely remain closed and locked with padlocks issued by the Government. All fencing should be verified as to ownership before alteration or removal, and replaced and constructed according to Government specifications at the time of installation.

Where barbwire fence is present, whenever possible the wire should be replaced with smooth (slick) fence wire using H-braces of wood or metal. Smooth wire fencing is safer for trail users, tightens more easily for maintenance, and blends well visually into surrounding vegetation.

In addition to fencing it is often desirable to keep users within the designated trail corridor. Fallen trees and brush piles may be used to create natural barriers while enhancing wildlife habitat. Plantings of native trees and tall grasses can also be used to create visual barriers to residential areas and businesses near the trail.

#### M. Access Points

# 1. Parking Areas

Parking areas should be of sufficient size to accommodate horse trailers pulling in and out and parking with sufficient room to extend the rear doors or ramp to load/unload a horse. Adequate parking spaces should be provided to prevent vehicles parking in front of or otherwise blocking access points. Access points should be clearly marked.

The surface of the parking area should be constructed of well packed road base at a depth sufficient to handle the weight of loaded horse trailer rigs. The surface should be topped preferably with smooth gravel or rock of 1/2" diameter or less to prevent injury to horses feet. The surface should be resurfaced and topped with materials as needed to maintain the area free of potholes and ruts. Paved surfaces are less desirable due to the tendency of these surfaces to be slick in particular for iron shod horses. Where concrete is used, rough surface is preferable to smooth.

The Government uses unpainted single rail metal pipe fence to surround parking areas. This fence is most effective in preventing illegal access by motor vehicles and ATV's. In areas adjacent to a roadway, a double rail fence of at least 48" height is desirable to prevent a horse gaining access to a road. The pipe metal fence allows for the installation of stepover bars for equestrian access and pedestrian Y-walk in turns as part of the fence line. Proper access for emergency and maintenance equipment such as pipe metal slide bars or gates should be installed

and incorporated into the metal pipe rail fence to allow access. All metal pipe rail fencing, gates, access stepover bars, pedestrian walk in Y's etc. should be approved and built in accordance with Government specifications at the time of installation.

# 2. Equestrian Step Over Bar

Pipe rail step over bars should be provided at locations intended for equestrian access. Step over bars should be incorporated into pipe rail fencing. The bar being of the same diameter pipe as the fence rail and set at a maximum height at the top of the bar of 14" with a minimum height at the top of the bar 12" (1 foot). Improved footing under and on the approaches is recommended to prevent wear down at the bar. All step over bars and pipe fencing should be built according to Government specifications and standards.

# 1. Pedestrian Walk In Y

Pedestrian Walk in Y access should be provided at locations intended only for hiker and pedestrian access. Walk in Y should be incorporated into pipe rail fencing. The Walk In Y being constructed of the same diameter pipe as the fence rail and set at a maximum height equal to the height of the pipe fence. All pedestrian access should be built according to Government specifications and standards.

## 4. Gates & Slide Bars

Access gates or slide bars should be incorporated into pipe rail fencing and constructed of same or similar materials as the fencing. Gates and slide bars should be of sufficient width to permit access of maintenance and emergency equipment. Existing gates and slide bars are 14 ft-16 ft. wide. Gates are typically hinged, welded pipe metal construction hung on pipe metal H-braces that swing open fully both directions. Gates routinely remain closed and locked with padlocks issued by the Government.

## N. Crossings

#### 1. Low Water Crossings

Low water crossings are preferable to bridges. Use natural crossings where possible for low-flow or intermittent streams. All plans for construction of low water crossings should provide for adequate hardening of the streambed and embankments.

#### 2. Culverts

Culverts and fords should be of sufficient diameter and height to carry normal water flow with rains. Culverts should intersect the trail so the trail crosses near the midpoint of the culvert at as close to a 90-degree angle as possible to the lengthwise lie of the culvert. Metal or plastic tinhorns should be of sufficient diameter and wall strength to permit normal water flow with rains and hold the weight of vehicles and horses. Culverts should be laid on a bed of and surrounded by packed water-resistant materials such as clay, gravel mixes or crushed recycled concrete. The culvert should be topped with a minimum of 12 inches of packed gravel or crushed rock or other similar material and then covered with an additional 6-8" minimum of soil or other appropriate footing. Headwalls may be stacked to create a curb to contain the materials

on top of the culvert at proper depth and to prevent washing out. Design should include consideration of outflow to prevent concentration or acceleration of water flow and erosion. Design should allow for any anticipated flooding that would submerge the culvert and the culvert constructed to retain its integrity during such an event. Culvert headwall materials should not be permeable to water flow. Stacked stone headwalls should be mortared to prevent erosion and loss of stability. All plans shall require the express approval of the Government.

# 3. Stepping Stones/Hikers

Hiker stepping-stones may be placed to provide a crossing for hikers upstream, adjacent and parallel to the equestrian crossing. Hiker stepping-stones should be placed so as not to impede the flow of water and no more than 24" apart. Stepping stones should not be made of wood, should have a rough surface at least 12" diameter and placed so they extend above normal water level 6". Stepping-stones should be secured into the streambed to prevent their loosening or washing away.

# 4. Roads & Bridges

Crossing signs should be posted at designated road crossings in conjunction with crosswalks painted onto the pavement. Signs should be posted at Railroad crossings if applicable. Crosswalks should be painted white or yellow in compliance with and according to all local, State and Federal rules, regulations and laws governing public crosswalks on public roadways. Signs notifying motor vehicles should be posted a sufficient distance from the crosswalk in both directions in compliance with and as required by local, State and Federal rules, regulations and laws.

Right of Way signs should be posted at bridge crossings shared with pedestrians indicating "Hikers/ Pedestrians yield Right-of -Way to Horses/Riders". Right of Way should be posted in addition to signage encouraging riders to dismount and walk the horse across the bridge.

# O. Bridges (existing)

The trail should be at least the same width as the bridge. Railings should be a minimum of 5 ft. in height and comply with all state, local and federal safety regulations. Existing bridges not in compliance with current railing standards should be posted to encourage riders to dismount and walk horses across the bridge. Treated timber planks are preferred for use as bridge decking over concrete or asphalt.

## P. Underpasses

Underpasses should be of sufficient height and width for passage of a mounted horse and rider, emergency and maintenance vehicles and equipment. The minimum height of the underpass should be 12 ft. and the minimum width of the underpass 20-ft. The tread should be at or above the 532 ft. elevation and drainage built in to prevent standing water.

## Q. Other Structures

Structures may occasionally be required for areas where no alternative trail route is available.

These may include retaining walls or other artificial structures. The materials used should be in accordance with the architectural theme and blend into the surroundings as much as possible. Switchbacks may be required for example on a steep slope to prevent erosion, or an elevated trail surface with sub-tread drainage may be necessary to construct in wet areas. Plans and designs should be submitted to the Government for approval before installation. All structures should be considered in terms of what is the least intrusive method of modification for the given location.

# R. Utility Easements

Determine the location of all utilities prior to installation of trail or improvements. Preserve access to utilities, avoiding utilities whenever possible. Seek authorization and approval for installations within an easement and coordinate installation with the utility or easement holder if no other locations outside the utility easement are possible.

# S. Signage

Various sign types and methods of installation shall be used. A master sign plan should be made a part of the Project Plan. Following is a brief summary of the signs:

## 1. Trail Location Markers

Brown Carsonite two-sided trail signposts are used for trail location markers. Markers are installed each quarter mile with additional directional and reassurance markers placed as needed. The posts are a brown composite with vandal resistant properties and flex if a horse and rider hit them making them safe adjacent the trail. Posts are ordered from Carsonite with pre-attached metal anchors, which resist pulling out of the ground best in the soils around Lewisville Lake. The plastic anchors are insufficient.

The posts are labeled with stickers ordered from Carsonite with a brown background and white reflective lettering or symbols. They adhere well and are vandal and weather resistant. The posts are labeled with international symbols for authorized uses (hiker, equestrian), rules (pets on leash), directional arrows and trail location identification; the trail designated by alphabetical letter, the location on that trail by number. Prohibited use symbols may be added which have the red circle with a slash. "No Bicycles" and "No ATV" are used. A wide variety of symbols are available. A strip of white reflective tape is affixed across the top of each post to increase visibility of the marker especially for mowers.

A Government logo or Partner logo sticker may also be affixed. The Town of Copper Canyon uses a 3" X 3" logo sticker affixed near the base of the posts. Each entity may do the same in their jurisdiction. In unincorporated areas the Government Corps Castle sticker is available from Carsonite for use. A single overall trail logo design might be considered to use throughout the entire trail system, these designs are then available through Carsonite printed on stickers and various types of signs.

# 2. Hunting Boundary Markers

Yellow Carsonite posts may be used to post "No Hunting Within 600 feet of Boundary" Government hunting regulation as needed.

# 3. Trail Name Signs

The trail name signs are larger signs located at trailheads and entrances and should be placed where they are readily visible. The signs should be constructed of wood of a design approved by the Government. The lettering may be routed into the wood and painted for visibility. Existing signs are unpainted with yellow painted lettering. Signposts are anchored in cement. Use of rustproof hardware is recommended. Information may include the trail name, total distance, elevation and directional arrows. (Refer to Section XII. Appendix, A. for photo)

# 4. Metal Information & Notice Signs

Metal signs may be used for information and notices. Metal signs have a brown background color with white reflective lettering. Metal signs are inexpensive and easily replaced.

- a. "No Bicycles or Motorized Vehicles Allowed". Smaller signs are bolted on a 6-ft. metal T-posts or similar post.
- b. "Ride Aware Residential Area Ahead". Larger signs bolted on metal street signposts or similar metal posts anchored in cement.

All signs should be approved for use prior to posting. Metal signs should be located off to the side of the trail where visible, but not an obstruction for maintenance or emergency vehicles and located so as not to pose a hazard to a rider. Refer to Section XII. Appendix, A. for photo of "Ride Aware" sign.

# 5. Caution & Closure Signs

Some cautionary signs and trail closure signs (and gates) may be required in certain areas. Elevation would be a good initial indicator for determining anticipated areas that may flood occasionally and be subject to high water or closure due to flooding.

## 6. Crossing Signs

Signs should be posted at designated road crossings in conjunction with crosswalks painted onto the pavement. Signs should be posted at Railroad crossings. Right of Way signs should be posted at bridge crossings shared with pedestrians indicating

"Hikers Yield to Horses". Carsonite has a sign of this type with the universal symbols available. This should be posted in addition to signage encouraging riders to dismount and walk the horse across the bridge.

# T. User Safety

# 1. Search Rescue & Recovery Plan (S R & R)

Each Partner and the Government shall provide Search Rescue and Recovery Plans for the trails within their jurisdiction according to all parties.

## 2. Trail Closure

Trail closure policies and procedures should be established and implemented as approved by the Partners and government as necessary for public safety

The existing trails are open at all times as there is one high ground trail route that remains above flood most years. There has been no official closure of the trails due flooding on the Pilot Knoll Trails. "Do not ride wet trails" is included as posted public notice in bulletin boards and trail rules. The new trails pass through the Hickory Creek floodplain and adjacent to areas where the Old Alton Road has gates to close the road when flooding occurs. Areas with flooding potential should be determined and plans made including appropriate signs indicating caution signs for high water and high ground route signs.

## U. Public Information

#### 1. Trail Rules

A set of trail rules should be approved and posted at trailheads, on signs and bulletin boards.

## 2. Distribution of Information

<u>Internet</u>: Post rules, information and official trail map on Partner and Government web sites with links to appropriate Government sites for Parks, Lake Levels, etc.

<u>Brochures</u>: Provide brochures including an official trail map approved by the Partners outlining trail rules and information on parking, camping, etc. at area parks. Brochures to be available at Government offices, City and Town Halls and Parks.

# Section V. Trail Maintenance Standard

The following are minimum standards for trail maintenance.

(See Trail Maintenance Inspection Checklist, Section X. Form CCSA-5)

# A. Mowing

Trails should be mowed a minimum of twice a year, typically in late May following wildflower display and again in mid to late September; with additional mowing done as required particularly in drought to prevent fires and wet years due to excess growth.

# B. Trash & Debris

Trash collection at trailheads is determined by need, a minimum collection typically done once a month for parking areas. On the trails away from trailheads, trash is less frequently a problem and is done on an as needed basis. Trash should be picked up before mowing. Removal of fallen limbs, dead trees or drift debris on shoreline trails is on an as needed basis and done prior to mowing.

# C. Trail Inspection Including Signs and Amenities

Inspect culverts and installations regularly for damage or wear and replace or repair as needed.

## D. Culvert Maintenance

Clear debris and obstructions a minimum of twice yearly and as needed; re-check for debris after heavy storms. Keep areas around culverts mowed or trimmed and graded sufficiently to direct water flow.

#### E. Fence Maintenance

Check fencing, gates and access points for damage or missing locks, repair as needed.

# F. Parking & Access Areas

Maintain surface of parking area, grade and add materials as needed. Keep area surrounding parking lots mowed shorter and pick up debris and trash every 1-2 weeks or as needed.

## G. Erosion Control

Maintain trails surface (tread) by leveling, back-filling and packing or surface hardening any ruts. A front-end loader or bobcat is normally sufficient for this task. In heavily treed areas, watch for exposed tree roots and keep these covered to prevent trip hazard. In areas where runoff creates a persistent wet area, modify drainage and tread. In areas with persistent flow at one location, install a culvert with headwalls sufficient to permit flow and the trail to cross the culvert perpendicular to the placement of the tinhorn. Identify low water crossings or other features with erosion potential and construct to minimize erosion. Any improvement projects will need to approved by USACE prior to conducting any activities

# Section VI. Existing Improvements and Amenities

A complete inventory of existing improvements and amenities should be included as part of the Project Plan.

A. Town of Copper Canyon, Pilot Knoll Trail, and Old Alton Bridge parking lot is designed for horse trailer and car parking. There is a single rail pipe fence surrounding the parking area with two built in stepover bars and a pedestrian Y-walk in for user access. A 16-ft. slide bar for maintenance and emergency access, kept closed and padlocked is constructed into the pipe fence. The Parking lot has an improved rock surface. There is a bulletin board, trail name signs, metal prohibition signs, and trail location markers.

# B. Old Alton Bridge & Old Alton Park, Denton County

Old Alton Bridge Park has a small parking area designated for car parking only, a two rail metal pipe fence with a 16" pipe gate and two Y-walk through access points for pedestrians at the parking area. Horses do not have access from the car parking area.

Benches and a gravel path to the bridge are present. Access to the trail is at the foot of the bridge: A Pedestrian Walk in Y and combination stepover bar/gate for horses, emergency and maintenance access. Future improvements may include historical signage, informational signage, a bulletin board, hitching posts, a water trough, interpretive signs and other historical displays.

# C. Town of Hickory Creek, Sycamore Bend Park

There is a parking facility, camping, restrooms, boat ramp, and picnic tables at Sycamore Bend

Park. Possible improvements would include horse trailer parking area, informational signage, ride in access points, locked gate or slide bar for maintenance and emergency access.

# Section VII. Optional Trail Improvements and Amenities

One ongoing aspect of the equestrian and hiking trail will be the location and installation of improvements and amenities. Amenities are elements that enhance the trail user experience but are non-essential to the basic trail. A complete inventory of existing and planned improvements and amenities should be made a part of the plan.

## A. Bulletin Boards

Bulletin boards should be located near entrance points or points of convergence or where amenities are located. Vandalism near parking areas can be significantly reduced by locating the bulletin board just up the trail 100-200 feet, out of sight of the parking area.

Bulletin boards may be constructed of wood or metal of a design approved by the Government, preferably with a peaked roof of sufficient size to shelter the information board. Covering the roof with shingles extends the life of the structure. Bulletin boards may be painted (at Pilot Knoll the color used is brown) or left unpainted to weather naturally (if located on the trails outside a formal setting). The bulletin board legs should be anchored in cement and braced per design.

Bulletin boards may have an optional cover made of Plexiglas of sufficient thickness to prevent flexing and cracking. Framing the Plexiglas with wood strengthens the cover and deters vandalism. The cover is hinged at the top to lift up to open for access and when closed has one or two latches at the bottom and is padlocked through each latch. Covers are not necessary if information is laminated.

Locate utilities in the area before installation and consider the direction of prevailing winds (in this area north/south) when facing the bulletin board. An east/west facing presents a lower profile to prevailing winds.

# B. Hitching Posts

Hitching posts may be constructed of 4" minimum wood posts with the cross bar secured with heavy duty lag bolts to the uprights, or constructed of unpainted welded pipe metal. Pipe metal should be built and finished to Government specifications for pipe fencing. Hitching posts should be 48" in height, 8ft. in length with finished ends for wood, capped for metal. Upright posts are anchored in cement.

# C. Mounting Blocks

Locate mounting blocks where an equestrian would be required to or routinely mount or dismount their horse, such as parking areas, rest areas, bridge approaches.

# D. Tie-Out Posts

Tie-out posts are used when a corral or hitching post is not available. A free standing pipe metal post capped at the top, a minimum of 6-ft.height with a ring welded at the top secured in a cement footing is sufficient to tie a horse in locations a rider may need to dismount and secure the horse. These posts are often provided at equestrian camping sites and in parking locations where a horse is being loaded or unloaded from a trailer and saddled or unsaddled.

# E. Signs

# 1. Interpretive Use Signs

Interpretive signage and displays may be desirable at various locations featuring identification information of plant, trees, grasses, wildflowers, etc. Various organizations and educational institutions may be interested in participating in this type of project.

# 2. "You are Here" Trail Map Sign

A large sign placed at various locations on the trails away from locations with bulletin boards already posted with the same information. The "You Are Here" sign may contain: a map indicating the location of the user and identifying closest exit points, amenities, and trail marker locations, Hunting areas indicated for cautionary purposes if applicable, high water areas indicated with quick exit routes, Trail system emblem and trail partner logos, instructional information for emergencies such as "Dial 911" or "Please call and report illegal dumping..., Ranger or Game Warden contact numbers, maintenance contact information to report trail hazards, trail etiquette reminders or rules.

# F. Information Kiosks

Kiosks are information booths. A kiosk may be appropriate at a high traffic location such as a park or an interpretive education site. Kiosks should be designed and constructed in accordance with the theme.

# **G.** Screening & Visual Enhancements

Native plants and trees should be considered for areas where visual screening is needed, such as near residential areas. Use of native plants and grasses can also stabilize disturbed soils and slow erosion, particularly on slopes and where vegetation has been stripped by past development or runoff. Open spaces may be enhanced by removal of brush and invasive, alien plants and replanted with native grasses and wildflowers to re-establish lost native habitat. This type of project may be of interest to local volunteer groups and organizations.

- 3. Understandings, Agreements, Support, and Resource Needs.
  - a. USACE will be responsible for preparation of documentation required for any real estate

- actions and compliance with provisions of the hiking and equestrian trail.
- b. All of USACE resource needs for the actions described in this MOU will be provided by the joined efforts of all parties.
- c. Agency Coordination. Unless otherwise indicated in writing, USACE points of contact for this project are:

Natural Resources Manager, Operations Division, Mr. Aaron Howell, U. S. Army Corps of Engineers, ATTN: CESWF-OD-R, P.O. Box 17300, Fort Worth, TX 76102-0300, Phone: (817) 886-1568; Fax: 817-886-6455; E-mail: Aaron.W.Howell@usace.army.mil

Lake Manager, Lewisville Lake Office, Mr. Robert S. Jordan, U.S. Army Corps of Engineers, ATTN: CESWF-OD-LE, 1801 N. Mill Street, Lewisville, TX 75057-1821, Phone: (469) 645-9107; Fax: 469-645-9101; E-mail: Robert.S.Jordan@usace.army.mil

- e. For natural and cultural resources disturbed by the construction, a mitigation plan shall be submitted by the Cross Timbers Equestrian Trail Association, and the Town of Hickory Creek for consideration by USACE and for inclusion in the EA. Both parties, prior to the start of construction, must agree upon the mitigation plan. Any such plan shall be compliant with the requirements of Section 106 of the National Historic Preservation Act of 1966, as amended, and the Texas Antiquities Code.
- f. It is understood that should the proposed project enter the construction phase, Cross Timbers Equestrian Trail Association, and the Town of Hickory Creek will be responsible for compliance with all Federal, State, and/or local laws pertaining to protection of cultural or natural resources. This will include excavation and/or mitigation actions for any known cultural or natural resources, or those that might be unearthed during construction.
- 4. Effective Date. The final MOU will become effective when signed and dated by all parties and shall remain in effect until either modified, or the project has been completed.

#### Sub Area Scenarios

Priority	Ranking
Main Street, Lake Lewisville and the Mall area should be enhanced as regional gateways to and be enhanced as diverse, pedestrian oriented mixed-use shopping streets integrated with living, working and green spaces.	1
Corridor densities should be increased and include a vibrant mix of civic, office, retail and residential uses that leverage expanded transportation options, allow higher land utilization, and provide a higher tax base.	2
Frontage roads should be attractive with curb cuts organized through access management strategies.	3
Corridor design should achieve a signature landscape and provide scenic views.	4
Infrastructure improvements should be integrated with transportation improvements and be sufficient to address development growth in the corridor.	5
New buildings should incorporate design that respects the architectural style of existing key buildings, including the City Hall, but also explore other modern building forms.	6
A variety of connected mixed use places, providing employment, shopping, housing and recreating, should be located in the corridor to strengthen it as a destination for the neighborhoods and the region.	7
Underutilized buildings and parcels should be redeveloped to contain a mix of uses, such as office, retail and housing.	8
Corridor streetscapes should be designed with consistent materials to provide an enjoyable and safe experience for the pedestrian.	9
Undesirable views should be screened from the corridor, including industrial and service uses.	10

## PLAN APPROACH - POTENTIAL GOALS FOR 2020 COMP PLAN

# We need your input for the 2020 Goals. Here are some suggestions...

2020 Potential Goals	Description
Future Land Use Map Update	Update previous Land Use Plan (dated 2008)
Market Assessment	Identify market opportunities
Zoning Map Update	Update previous Zoning Map (dated 2005)
Review Polices\Procedures	Review Land Uses, Zoning, Development Process, Building Codes, Fees, incentives, grants, etc.
Mobility	Integrate trails, sidewalks, roads, into a cohesive transportation network
Community Livability\Quality of Life	Services, facilities, placesto improve livability and quality of life
Future Development Sites	Review development strategies for the remaining large tracts of land

# Menu of potential engagement strategies...

- Steering Committee
- Stakeholder Focus Groups or Interviews
- Public Meetings
- Community Survey

#### SUGGESTED STAKEHOLDERS

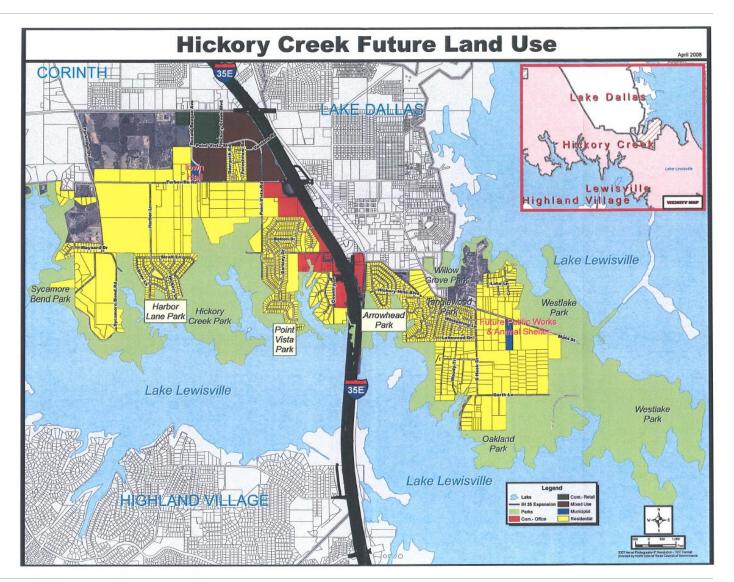

- **Elected and Appointed Officials**
- Hickory Creek EDC
- Lake Cities Chamber of Commerce
- Business/industry owners
- Landowners and developers
- Brokers and realtors
- Neighborhood Associations/HOAs
- Lake Dallas ISD
- Special interest groups
- Residents

# **Future Land Use Map should...**

- Be based on land use assumptions and population projections
- Identify intended character of future development and redevelopment
- Incorporate flexibility
- Provide guidance for zoning updates

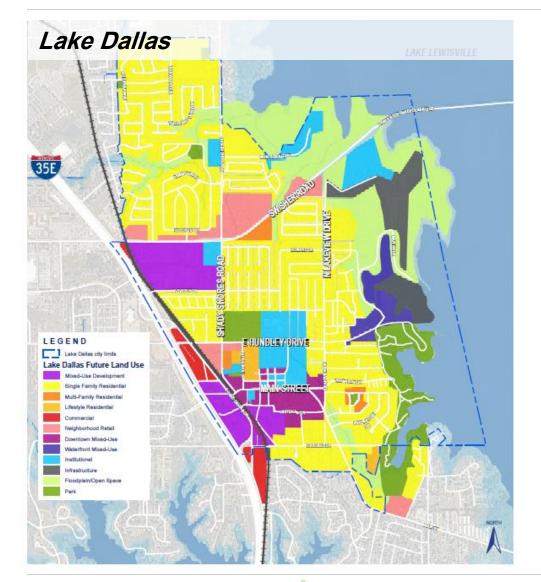

Intent and Characteristics: Residential attached developments including duplexes and apartment complexes that are generally 18 dwelling units per acre or fewer. As shown in the future land use map, this category generally includes existing

Proposed Primary and Secondary Uses: Primary uses are multi-family attached residential and secondary uses are supporting amenities including parks, trails, open space, and schools. Neighborhood-serving non-residential could also be

**Zoning Districts**: Current zoning districts that are appropriate to implement the multi-family residential classification include R-2 Two-family Dwelling District and

allowed as a secondary use.

R-3 Multifamily Residence District.

Intent and Characteristics: Neighborhood serving retail and office land uses located adjacent to neighborhoods. These developments typically are smaller than buildings in the commercial category, have smaller signage, landscaping, and screen parking. As shown in the future land use plan, areas for neighborhood commercial include along Swisher Road and south of Hundley Drive just east of the rail line.

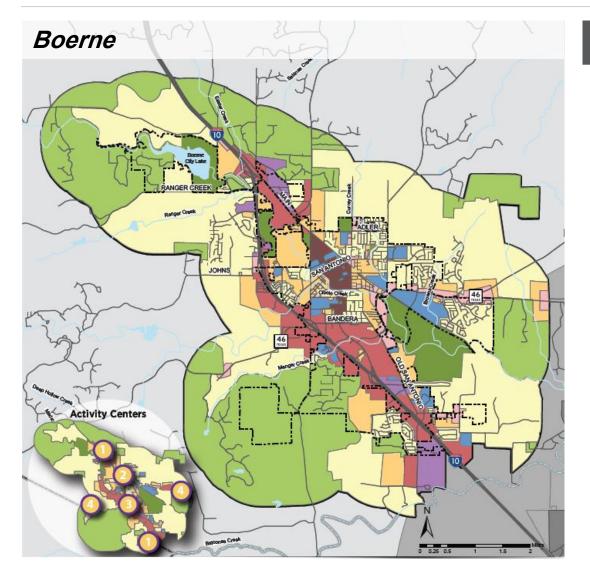

Proposed Primary and Secondary Uses: Primary uses are professional office, food sales, convenience stores (not including gas stations), general retail sales, personal services, medical facilities, or restaurants. Secondary uses are institutional uses.

Zoning Districts: Current zoning districts that are appropriate to implement the neighborhood retail classification include C-1 Retail District, with modifications.

# PLAN APPROACH – FUTURE LAND USE PLAN UPDATE

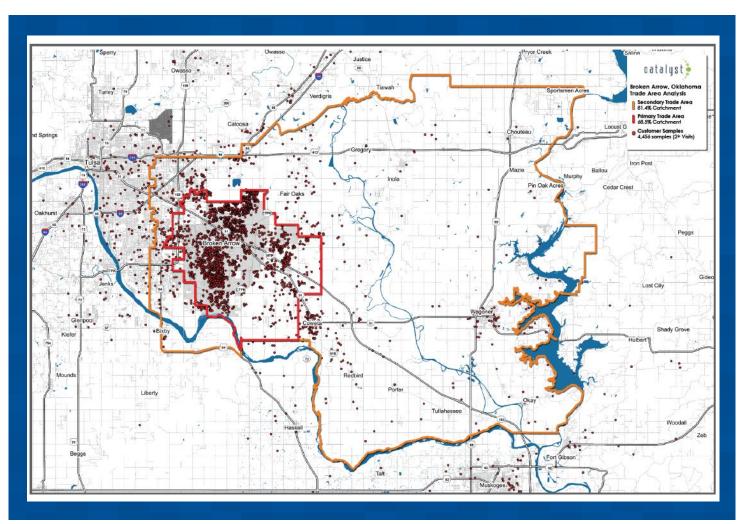

Future Land Use Category	Description	Map Color / Symbol	Acres	Percent
Parks & Open Space	This future land use category includes active and passive parkland, trails, and open spaces that have been designated for public purposes and recreational enjoyment. In some cases, it could include privately owned areas that are set aside for similar purposes.		1,377	4.8%
Rural Estate	This future land use category is intended for areas which will maintain a rural character. These areas are comprised of natural undeveloped areas, agriculture, and large, estate lots with large lot minimums and greater setbacks.		9,641	33.3%
Neighborhood Residential	This future land use category is intended for areas that will be primarily developed with new single-family detached residential subdivisions. Development reflects a suburban to auto-oriented character.		11,609	40.1%
Transitional Residential	This future land use category is intended for areas that will be primarily developed with a higher density and a variety of housing types. These areas are intended to be developed with an auto-oriented character.		2,129	7.4%
Neighborhood Commercial	This future land use category is intended for areas that will be developed primarily as nonresidential uses that are of a suburban character and an appropriate use, scale, and design that is compatible with abutting or nearby residential uses.		598	2.1%
Auto-Oriented Commercial	This future land use category is intended for areas that will be developed to support local and regional nonresidential businesses that rely on higher traffic volumes. While these areas will always be auto-oriented, there is room for higher quality development.		2,115	7.3%
Business/ Office Park	This future land use category is intended to create opportunities for the proposed employment / commercial activity centers. These areas will be developed to support light manufacturing, light industrial, or warehousing uses, all primarily consisting of indoor uses.		572	2.0%

# Identifying market opportunities as part of a comprehensive plan will...

- Align land use and market needs
- Identify strategic development opportunities
- Leverage public investment for private dollars

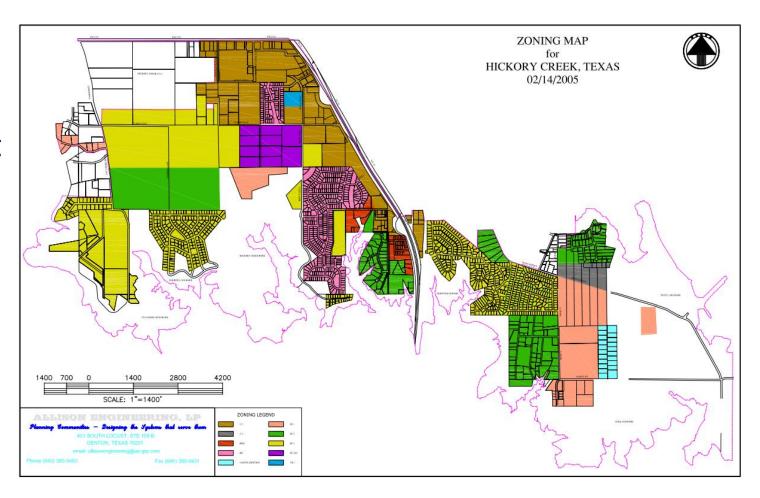

# **Current Zoning Map...**

- Needs to include recently added zoning classifications
- Needs to be updated to reflect current zoning
- Updates to show current parcels

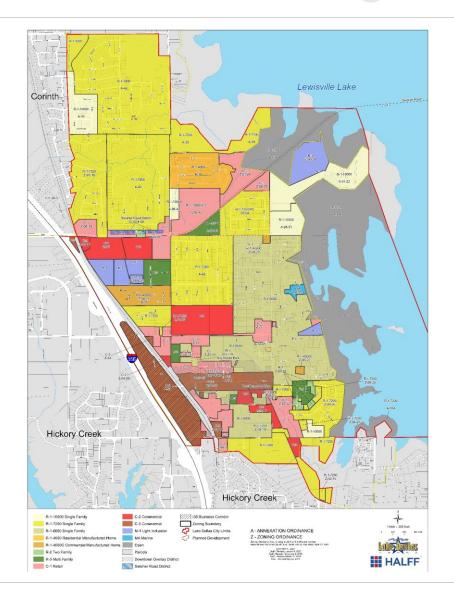

## PLAN APPROACH - ZONING MAP DIGITIZATION

# Benefits of map digitization...

- GIS format can be readily adjusted by staff
- Halff has 25 GIS Staff Members
- Zoning amendments can be made expeditiously
- Potential for interactive web mapping to facilitate the development process

# INTRODUCTION

Hickory Creek is nestled along the north side of the Hickory Creek arm of Lewisville Lake, offering a beautiful setting for its residents and visitors. This lakefront setting includes a nice range of parks, nature trails, boat ramps, and scenic open spaces. For decades, the citizens of Hickory Creek have enjoyed a relaxed, small town atmosphere, as well as, the convenience of the thriving business district along I-35E.

The population of Hickory Creek is currently just under 4,600 residents. Citizens of all ages enjoy the year-round resources at the seven U.S. Army Corps of Engineers (USACE) parks on Lewisville Lake. These include: Arrowhead Park, Harbor Lane Park, Hickory Creek Park, Point Vista Park, Sycamore Bend Park, Oakland Park, and Westlake Park. Four of these parks are operated and maintained by Hickory Creek with a lease agreement between the Town and the USACE. These parks include Arrowhead Park, Harbor Lane Park, Sycamore Bend Park, and Point Vista Park. Other parks in Hickory Creek's system include Tanglewood Park & Town Hall Park (future).

As the community has grown and diversified, it has increased the need for Town leaders to plan for quality parks and recreational resources to serve all of Hickory Creek. To this end, the Town commissioned Dunaway Associates to prepare a Parks, Recreation and Open Space Master Plan. The team conducted an interactive process that engaged Town staff, Town leaders, a specially appointed Steering Committee, and the citizens at large. The resulting Master Plan will serve as a strategic tool for fiscal planning, key partnerships, and park development across Hickory Creek's park system over the next five to ten years.

Throughout the master planning process, the Dunaway team worked closely with Town staff, Town Council, and the Steering Committee who had input at several key meetings to help guide the process and gain consensus for the initial findings.

The Master Plan was prepared using a two-phase planning process. Phase I focused on the Inventory and Needs. Phase II involved recommendations, implementations & preparation of the Master Plan document. A detailed outline of the process is as follows:

#### PHASE I - INVENTORY & NEEDS

# Task 1 - Data Collection & Base Mapping The team prepared a base man from the CIC I

The team prepared a base map from the GIS data provided by the Town. The base map illustrated information such as existing park sites, schools, Town facilities, drainage corridors, streets, etc.

## Task 2 - Inventory & Supply Analysis

The team was provided a current inventory of the entire park system. Team members and Town staff performed a tour of the existing parks and recreational facilities available through the Town. Each site was documented for its existing conditions and amenities.

## Task 3 - Population & Demographic Trends

The team obtained the latest updates of demographic and population data from Town staff and the North Central Texas Council of Governments (NCTCOG). This included factors of population, race, housing, employment, income, and future growth.

## Task 4 - Standards Analysis

The team utilized some of the published recommendations by the National Recreation and Park Association (NRPA), as well as local DFW guidelines, for evaluating standards for both park acreages and facilities.

#### Task 5 - Public Input & Needs Assessment

With National Service Research leading this effort, a series of steps were utilized to determine the park and recreation needs of the community. This included two (2) visioning sessions with Hickory Creek citizens, and then an online survey through the Town's website. From the feedback, the team was able to quantify the specific needs of the citizens.

#### PHASE II - MASTER PLAN

### **Task 6 - Priority Rankings**

The team developed a priority criteria system for ranking high, moderate, and low priority needs. From these criteria, a weighted priority ranking was established based upon input from the Citizen Survey, Steering Committee, Town staff, and Dunaway team.

#### Task 7 - Action Plan

The team prepared specific recommendations in an Action Plan that outlines renovations and new development of parks and recreational facilities to meet future needs within the community.

## Task 8 - Implementation Plan

An Implementation Plan was developed for projected costs within the Action Plan. This included funding recommendations that could be utilized over the next 10 years, as well as ordinance recommendations pertaining to future development requirements.

## Task 9 - Preliminary Master Plan

The team prepared the Preliminary Park Master Plan document outlining the entire process, findings, and recommendations. This included preparing exhibits/maps for the items recommended with the Action Plan.

#### Task 10 - Final Master Plan

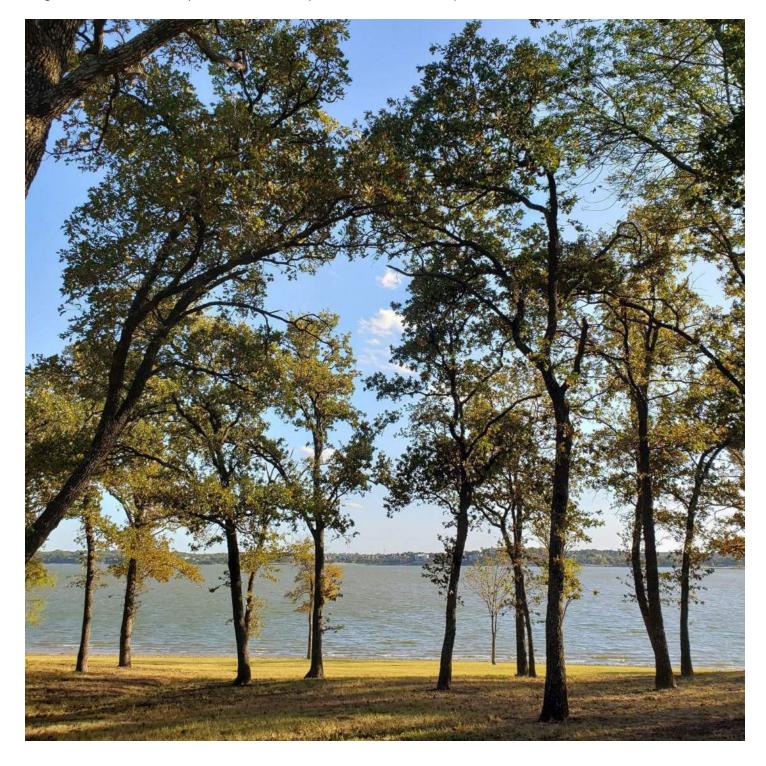

The team prepared the Final Master Plan document. This task included final presentations to the Park Board and the Town Council.

# INVENTORY

Utilizing information provided by Town staff, a complete inventory of existing parks, recreation facilities and open spaces that the Town owns or operates was compiled. From this inventory, Dunaway staff toured and photographed each park site throughout Hickory Creek. Acreage and amenity inventories for each of the Town-owned parks, as well as for the parks owned by the United States Army Corps of Engineers and leased by the Town, were provided to Dunaway.

# **POPULATION & DEMOGRAPHICS**

The population of a community can be evaluated in a variety of ways for purposes of park planning, both physically and financially. The offering of public facilities is based in part on the consumption characteristics of the residents. This is true in planning for recreational needs within Hickory Creek. The location, size, and amenities of parks should be based on the density and distribution of the population as recipients of these services. In order to assist in forecasting the future park and recreation needs throughout Hickory Creek, this section provides information on some particular characteristics over the past five to seven years. Data was obtained through The Retail Coach, LLC that was prepared for Hickory Creek's Economic Development Corporation.

# **STANDARDS**

When the Dunaway team evaluated the current park system in Hickory Creek, it was important to understand the range of parks, recreation facilities, and other open space areas utilized for recreational activities. A key part of this evaluation was comparing the needs of the present population as well as considering future growth expected. This Master Plan includes a selection of traditional standards established by the National Recreation and Park Association (NRPA). The NRPA standards have been the most widely accepted and used standards for decades. This section includes a comparison of Hickory Creek's current park system to NRPA standards based upon park acreage per population, as well as recreational facilities per population.

# Criteria for Standards

The most common standards for park planning, as recognized by park and recreational professionals, are the published standards by the NRPA. As acknowledged in their publications, the NRPA recognizes the importance of establishing and using park and recreation standards as:

- A national expression of minimum acceptable facilities for the citizens of urban and rural communities
- A guideline to determine land requirements for various kinds of park and recreation areas and facilities
- A basis for relating recreation needs to spatial analysis within a community wide system of parks and open spaces
- One of the major structuring elements that can be used to guide and assist regional development
- A means to justify the need for parks and open space within the overall land use pattern of a region or community

The purpose of the NRPA standards is to present park and recreation space guidelines that are applicable for planning, acquisition, and development of parks systems. These standards should be viewed as a guide by those municipalities that use them. The standards are to be coupled with the expertise of park planners when evaluating a community to which they are applied. Variations in the standards can also be established to reflect the unique social and geographical conditions of the community.

# Park Classification System

As the team evaluated Hickory Creek's park system, they slightly revised the classification of each park by type, size, service area, and acres per 1,000 population. Below are descriptions of the six (6) NRPA park classifications used for this Master Plan. Page 30 of this document summarizes this information in a table of NRPA Guidelines.

## Neighborhood Park

Neighborhood parks serve a variety of age groups within a limited area or "neighborhood". They range in size from 1-15 acres and generally serve residents within a  $\frac{1}{4}$  to  $\frac{1}{2}$  mile radius. The neighborhood park is an area for active recreation such as field games, court games, playgrounds, picnicking, etc. Facilities are generally unlighted and there is limited parking, if any, on site. NRPA standards for these parks are 1 to 2 acres per 1,000 population.

#### **Community Park**

Community parks are larger than neighborhood parks and serve several neighborhoods. They range in size from 16-99 acres and serve the entire Town. The community park may be a natural area or developed area for a variety of outdoor recreation such as ballfields, playgrounds, boating, fishing, swimming, camping, picnicking, and trail systems. NRPA standards for these parks are 5 to 8 acres per 1,000 population.

## Regional Park

Regional parks are very large multi-use parks that serve several communities within a particular region. They range in size from 500 acres and above and serve those areas within a one hour driving distance. The regional park provides both active and passive recreation, with a wide selection of facilities for all age groups. They may also include areas of nature preservation for activities such as sight-seeing, nature study area, wildlife habitat, and conservation areas. NRPA standards for regional parks vary due to the specific site and natural resources.

## Special Use Areas

Special use areas and parks are for specialized or single purpose recreation activities. NRPA defines these areas such as historical areas, nature centers, marinas, zoos, conservatories, arboretums, arenas, amphitheaters, plazas or community squares. There are no specific standards for size or acreage since each community will vary.

#### Linear Park

Linear parks are built connections or natural corridors that link parks together. Typically, the linear park is developed for one or more modes or recreational travel such as walking, jogging, biking, in-line skating, hiking, horseback riding, and canoing. NRPA does not have any specific standards for linear parks other than they should be sufficient to protect the natural resources and provide maximum usage.

# Metropolitan Park

Metropolitan parks are large park facilities that serve several communities. They range in size from 100-499 acres and serve the entire City. The metropolitan park is a natural area or developed area for a variety of outdoor recreation such as ballfields, playgrounds, boating, fishing, swimming, camping, picnicking, and trail systems. NRPA standards for these parks are 5 to 10 acres per 1,000 population.

# NRPA PARK ACREAGE GUIDELINES

# NEEDS ASSESSMENT

The Needs Assessment is one of the most significant steps in the development of a Parks, Recreation and Open Space Master Plan. The findings of the Needs Assessment provides a foundation for the direction of the Master Plan and guidance for developing priorities for park facilities and future parks & open space development. National Service Research (NSR), a full-service research firm, employed a multi-step approach in garnering opinions of the citizens of Hickory Creek. The Needs Assessment process was undertaken to meet the following objectives:

- √ Identify priorities of Hickory Creek Citizens for parks, facilities and program needs
- √ Measure the interest in various activities, events and programs
- √ Identify support for funding options for future development
- √ Evaluate profiles of survey respondents by key demographic variables

# Methodology

In order to complete this study, two visioning sessions were conducted. The first was held session April 10, 2019 and the second on April 24, 2019. These sessions were used to gauge and understand the needs of citizens regarding parks in Hickory Creek. The results of these discussions assisted in the design of the survey instrument document that the residents had the option of completing (See Appendix). The survey was mailed and made available online through the Town's website and various social media sites. Survey responses were received from May 17, 2019 through June 31, 2019. A total of 289 survey responses were received (87 via mail and 202 online). The margin of error of this sample size at a 95% confidence level is plus or minus 5.2%. The Town has a population of approximately 4,600 and within the sampled 1,600 citizens, 289 completed the survey indicating a strong survey response rate of 18%.

The following pages include the results of the citizen survey. The appendix on page 56 lists, in detail, comments received at each visioning session.

What do you like about the current park system? Respondents of Hickory Creek currently replied:

- · Clean & Safe
- Well Maintained
- Fishing Piers
- Boat Launches & Boating
- Trails
- · Places to Camp, Hike & Enjoy Nature

# SUPPORT FOR FUNDING OPTIONS

Respondents reported strong support for increased park improvement fees from developers and increased user fees. 70% did not support increased property taxes.

# PROPERTY TAXES SUPPORT

44% of respondents are willing to pay some increase in property taxes to fund park improvement priorities.

# PRIORITY RANKINGS

Establishing clear priorities for a park system is essential for guiding any successful Master Plan. This allows Town leaders to understand the importance of annual budgeting and strategies that will meet the needs throughout the Hickory Creek community. The priorities in this section are a result of incorporating the inventory of the current resources and the citizen survey results into a ranking of priority needs.

# **Process for Rankings**

At the completion of the citizen survey during the needs assessment phase, a method of ranking priorities was implemented. This method included using specific input from the citizen survey results, Town Staff, Steering Committee, and the Dunaway team. The following weighted values were assigned to each:

## Citizen Input / Survey Results (60%)

The specific needs and requests by the Hickory Creek community as tabulated from the citizen survey

## Steering Committee (20%)

The specific parks and recreation needs in Hickory Creek as identified by the appointed Steering Committee members

## Town Staff (10%)

The specific needs as identified by Town staff based upon recreation programs and demands upon resources

## Dunaway Team (10%)

The specific recommendations by the Dunaway planning team based upon assessing the unique needs of the Hickory Creek community, current park resources, demographic profile, and future demands for recreational resources

The results of the priority ranking were tabulated into three categories: High Priority, Moderate Priority, and Low Priority. The table on the following page provides a summary of the priorities for Hickory Creek.

# IMPLEMENTATION

The Town of Hickory Creek has enjoyed long-term agreements with the US Army Corps of Engineers that has allowed large acreages of beautiful lakefront property to be made accessible for recreation, which in-turn benefits the overall quality of life the Town can offer to its residents and visitors. Town leaders and staff are committed to maintaining this high standard including improving and maximizing park offerings that address current user demands and planning for balanced growth of new amenities as their community expands. This section of the master plan serves as a guide for implementation of identified priorities with recommended strategies for augmenting Town dollars to include supplemental funding sources appropriate to potential projects. These priorities are listed on pages 50, 51 & 52 in order of final ranking with budget ranges, possible park locations, and potential funding sources identified.

## Park Dedication Ordinance Recommendations

To meet needs identified for a growing park system, there are various methods for obtaining additional park land in the appropriate category. This includes land (or fees) donated by developers within the requirements of a park dedication ordinance. As part of this master plan, the Dunaway team reviewed the Town's current park dedication ordinance and provided recommendations for revising the ordinance to Town staff.

# **Funding Sources**

One of the biggest challenges facing Town leaders in implementing a park master plan will be prioritizing new capital dollars that will provide for needed park renovations, expansions, and new amenities. To achieve this, Town leaders will need to outline an annual strategy for funding capital improvements across the entire park system. To add to the Town's available financial resources, Hickory Creek has an opportunity to pursue a wide range of other sources that would help fund the various capital improvements prioritized in this plan. Some of the funding sources described on the following pages can be part of an Implementation Plan by Town leaders.

# **Funding Sources**

## **Advertising**

This funding source comes from the sale of advertising on park and recreation related items such as the city's program guide, on scoreboards, and other visible products or services.

## **Corporate Sponsorships**

This funding source comes from corporations that invest in the development or enhancement of new or existing facilities. Sponsorships are also successfully used for special programs and events.

## Fees / Charges

This funding source comes from fees for use of a facility or participation in a city sponsored recreational program.

#### Foundations / Gifts

This funding source comes from tax-exempt organizations who give donations for specific facilities, activities, or programs. These may include capital campaigns, fundraisers, endowments, sales of items, etc.

#### **Friends Associations**

This funding source comes from friends group that raise money typically for a single focus priority. This may include a park facility or program that will better the community they live in.

#### **General Fund**

This funding source is the primary means in providing for annual capital programs, improvements, and infrastructure upgrades.

# **General Obligation Bonds**

This funding source comes from bond programs approved by the citizens for capital improvements within the parks system.

## **Grants - TPWD Outdoor Program**

This funding source comes from grants for the acquisition and development of outdoor recreational facilities.

# **Grants - TPWD Recreational Trails Program**

This funding source comes from grants for the development of new trails or trail extensions.

## **Grants - Transportation Enhancement (TCOG / TXDOT)**

This funding source comes from grants for the development of new trails or trail extensions.

#### **Hotel / Motel Funds**

This funding source comes from taxes accrued for local hotels and motels in Hickory Creek.

#### **Interlocal Agreements**

This funding source comes from contractual agreements with other local units of government for the joint-use of indoor or outdoor recreational facilities.

#### Irrevocable Trust

This funding source comes from individuals who leave a portion of their wealth for a trust fund. The fund grows over a period of time and is available for the city to use a portion of interest to support specific park facilities as designated by the trustee.

## **Naming Rights**

This funding source comes from leasing or selling naming rights for new indoor facilities or signature parks.

#### **Park Dedication Fee**

This funding source comes from private developers who give land for public parks. This may include land along drainage corridors that can be developed for greenbelts and trails.

## **Park Improvement Fees**

This funding source comes from fees assessed for the development of residential properties with the proceeds to be used for parks and recreation purposes.

#### **Partnerships**

This funding source comes from public/public, public/private, and public/not-for-profit partnerships.

# Permits (Special Use Permits)

This funding source comes from allowing other parties to use specific park property that involves financial gain. The city either receives a set amount of money or a percentage of the gross from the service that is being provided.

#### **Private Donations**

This funding source comes from private party contributions including funds, equipment, art, and in-kind services.

#### Reservations

This funding source comes from revenue generated from reservations of parks and facilities. The reservation rates are fixed and apply to group shelters, meeting rooms, and sports fields.

#### **Revenue Bonds**

This funding source comes from bonds used for capital projects that will generate revenue for debt services where fees can be set aside to support repayment of the bond.

#### Sales / 4B Tax (1/2 Cent)

This funding source comes from a voter approved sales tax that goes toward parks and recreational improvements.

## **Special Fundraisers**

This funding source comes from annual fundraising efforts to help toward specific programs and capital projects.

#### **Volunteerism / In-Kind Donations**

This funding source provides indirect revenue support when groups or individuals donate time to help construct specific park improvements (signs, playgrounds, nature trails, etc.)

### **APPENDIX**

The Parks and Recreation Master Plan team conducted visioning sessions at Town Hall on April 10th, 2019 and April 24th, 2019. This summary reflects citizen comments recorded during these discussions.

### **Visioning Session Comments**

### 1. What is the BEST THING about living in Hickory Creek?

- The parks, not too many people
- · Low property taxes
- Small town
- · Small size, town assistance, the people
- · Quiet, non-busy hectic live. Don't like the new development, its ruining our beauty
- · Please keep parks quiet, no sports near parks.
- · Low tax base and beautiful parks
- The space of the properties, lake proximity, small town
- · Nature, outdoors, lakes, trees
- · Country life but close to shopping, airport, etc. Beautiful parks
- Its parks
- Proximity to everything, yet secluded, trees, lakeside living for everyone, most areas within walking distance to the lake
- · Small town, sense of community
- · Parks, trees, small town feeling, access to everywhere
- All the nature and being gridlocked by the lake and CORPS (a lot of space for building)
- The lake and our feel that we are away from the city but yet close to the city when needed.
- $\cdot$  Good family community with excellent access to nature and I-35
- · Small town feel
- Good comprehensive plan that controls development, progressive government, relaxing lifestyle with lake and natural features
- · Away from but close to big city
- The lake and trees

# 2. What are the best things about the park system as it exists today that you want to make sure are preserves / maintained?

- Quite
- Camping sites
- · Not overcrowded
- · Clean, safe, convenient
- · Nice manicured land, nice quiet lakeside appeal
- 24 hour open CORPS parks, boating, docks, primitive camping

# 3. Are there things/issues that need to be addressed through the Master Plan or parks department?

- · Neighborhood quiet enjoyment
- Vandalism
- · Roads to Sycamore Bend, way too narrow, not safe
- · Provisions for handicapped accessible fishing pier or dock
- · Keep sports fields out of the area of parks, find another place away from the lake
- We have no practice fields for youth/adults
- Add tennis courts and something like Kids Castle in Flower Mound
- Walkable dirt trails
- More trails for walking, biking, activities for families and older children
- Something that draws citizens to the parks educational/awareness of nature, ecosystems, flora/fauna, increase surveillance to reduce vandalism
- Add amenities to the parks that draw traffic and use
- · Park roads and parking, improve trails
- · More trails and sports areas, Frisbee golf, family and pet friendly areas
- · Best use of the lake for our demographics and bringing others to our town
- Pollution/liter can be problematic, maybe get more cleanup volunteering efforts.
- · Vandalism, security
- Have a parks department that programs events, recreational amenities through planning, implementation and maintenance
- Safety, outdoor entertainment for children

### 4. What do you want more of, less of, the same of?

#### More:

- · Places to ride motorcycles, fishing, camping, birdwatching
- Features, better roads, fishing docks
- · Athletic fields, football fields, safe trails
- Green space, parks
- Sports fields, fishing tournaments, parking for events, beach and sand volleyball, security, outdoor concerts, special events, dog parks, water features, Frisbee golf, marketing for parks for revenue generation
- Things that draw the community together, food trucks on weekends at the parks and lake, flowers and beauty
- Trees
- Playgrounds for kids with disabilities
- · Multi-generational offerings need shade sails for children's playgrounds
- Outdoor events, community gatherings/activities
- Community gathering spaces, beaches, amphitheater, community center, parking, athletic spaces
- Shore line improvement at Sycamore Beach Bend

### Citizen Survey Instrument

From the visioning session comments, National Service Research designed a survey instrument for distribution to Hickory Creek resident as follows:

Dear Hickory Creek Residents:

Picnic tables

Playgrounds

Trails

The Town of Hickory Creek is currently updating your <u>Park, Recreation, and Open Space Master Plan</u> and we need your help by filling out this survey! Your input will help guide our <u>park and recreation planning efforts for the next 5 to 10 years.</u> Please take a few minutes to complete this important survey. Your answers will remain anonymous. If you prefer, you may take the survey online at <u>HickoryCreek-TX.gov</u> and click on the <u>Park and Recreation Needs Assessment Survey</u> link. Please complete only one survey per household.

Thank you for taking time to participate in this important survey effort.

Sincerely,

John Smith, Town Administrator

## TOWN OF HICKORY CREEK, TEXAS RESOLUTION NO. 2020-0224-

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF HICKORY CREEK, TEXAS, ADOPTING THE 2020 PARKS, RECREATION, AND OPEN SPACE MASTER PLAN; MAKING FINDINGS; AND PROVIDING AN EFFECTIVE DATE.

**WHEREAS,** the Town of Hickory Creek (the "Town"), Texas is a Type A General Law Municipality located in Denton County, Texas, created in accordance with the provisions of the Texas Local Government Code and operating pursuant to enabling legislation of the State of Texas;

**WHEREAS,** on October 16, 2018 the Town Council approved an agreement with Dunaway Associates, L.P. ("Dunaway") for the preparation of an update to the Town's existing Parks, Recreation, and Open Space Master Plan (the "Master Plan"); and

**WHEREAS**, thereafter, Town staff, citizens of Hickory Creek, and Dunaway diligently worked with the Advisory Committee and the Town Council to discuss, consider and make recommendations about the various components of the Master Plan; and

**WHEREAS**, the Master Plan fully complies with Texas Parks and Wildlife master plan guidelines, which guidelines require parks and recreation needs to be prioritized and addressed in an action plan format; and

**WHEREAS**, after detailed study, investigation, research, public input, Advisory Committee input, Town Council input and consultant review and analysis, the Master Plan process has concluded and the Master Plan is now ready for adoption by the Town Council; and

**WHEREAS,** upon full review and consideration of the Master Plan, and all matters attendant and related thereto, the Town Council is of the opinion that the terms and conditions thereof should be approved, and that the Mayor shall be authorized to execute it on behalf of the Town of Hickory Creek.

**NOW, THEREFORE, BE IT RESOLVED** by the Town Council of the Town of Hickory Creek, Texas:

**Section 1:** The Town of Hickory Creek Parks, Recreation, and Open Space Master Plan, attached hereto as Exhibit A, is hereby adopted in its entirety. Saud Master Plan shall not commit the Town of Hickory Creek to specific funding levels and implementation strategies but shall provide a guide for the Town's vision for the availability and growth of park, open space, and recreational services.

**Section 2**: This Resolution shall take effect immediately upon its passage.

PASSED AND APPROVED by the Town Council of the Town of Hickory Creek, Texas this 24<sup>th</sup> day of February, 2020.

14.	Conduct a public hearing to hear public opinion regarding the proposed reallocation of
	assessments that have been levied against certain assessable property within the Hickory
	Creek Public Improvement District No. 2.

### TOWN OF HICKORY CREEK, TEXAS NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN THAT a public hearing will be conducted by the Town Council of Hickory Creek, Texas at 6:00 p.m. on February 24, 2020 at Hickory Creek Town Hall, 1075 Ronald Reagan Avenue, Hickory Creek, Texas 75065. The public hearing will be held to consider proposed reallocation of assessments that have been levied against certain assessable property within the Hickory Creek Public Improvement District No. 2 ("District") pursuant to the provisions of Chapter 372 of the Texas Local Government Code, as amended (the "Act").

The boundaries of the District include approximately 111.424 acres generally located in the southeast quadrant of the intersection of Sycamore Bend Road and Turbeville Road within the Town of Hickory Creek, as more particularly described by a metes and bounds description available for public inspection at the office of the Town Secretary, Hickory Creek Town Hall, 1075 Ronald Reagan Avenue, Hickory Creek, Texas 75065.

All written or oral objections on the proposed reallocation of assessments within the District will be considered at the public hearing.

A copy of the proposed reallocated Improvement Area #1 Assessment Roll and Improvement Area #2 Assessment Roll relating to the District, which includes the reallocation of assessments that have already been levied against certain assessable parcels in the District, is available for public inspection at the office of the Town Secretary, Hickory Creek Town Hall, 1075 Ronald Reagan Avenue, Hickory Creek, Texas 75065.

15. Consider and act on an ordinance reallocating assessments for the costs of certain improvements in the Hickory Creek Public Improvement District No. 2; approving an amended and restated service and assessment plan; providing a severability clause; and providing an effective date.

### TOWN OF HICKORY CREEK, TEXAS ORDINANCE NO. 2020-02-

AN ORDINANCE REALLOCATING ASSESSMENTS FOR THE COSTS OF CERTAIN IMPROVEMENTS IN THE HICKORY CREEK PUBLIC IMPROVEMENT DISTRICT NO. 2; APPROVING AN AMENDED AND RESTATED AMENDED SAP; PROVIDING A SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE

**WHEREAS**, Subchapter A of Chapter 372 of the Texas Local Government Code (the "Act") authorizes the governing body (the "Town Council") of the Town of Hickory Creek, Texas (the "Town") to create public improvement districts; and

**WHEREAS**, the Town Council has created the Hickory Creek Public Improvement District No. 2 (the "District"); and

WHEREAS, the Town Council and the Town staff have been presented a "Hickory Creek Public Improvement District No. 2 - 2020 Amended and Restated Amended SAP" (the "Amended SAP") including the proposed reallocation of the Improvement Area #1 Assessment Roll and the Improvement Area #2 Assessment Roll attached thereto (collectively, the "Reallocated Assessment Roll"), a copy of which is attached hereto as Exhibit A and is incorporated herein for all purposes; and

**WHEREAS**, the Amended SAP sets forth the change in previously Non-Benefitted Property (as defined in the Amended SAP) which requires a reallocation of the assessments that have been levied against each parcel of land in the District; and

**WHEREAS**, the Amended SAP sets forth the reallocated assessments to be levied against each parcel of land for the Authorized Improvements as determined by the method of assessment chosen by the Town; and

**WHEREAS,** the owner(s) (the "Landowner(s)"), or their representatives, of the privately-owned and taxable "Changed Property" (as defined in the Amended SAP) located in the District have indicated their approval and acceptance of the Amended SAP, of the Reallocated Assessment Roll, and their approval of the reallocation of the Assessments against property located within the District, and their agreement to pay the Assessments when due and payable; and

**WHEREAS**, and after considering the information, materials, evidence, and testimony offered to the Town Council prior to and at the public hearing, the Town Council has determined that it promotes the interests of the Town to adopt and approve this Ordinance.

# NOW, THEREFORE, BE IT ORDAINED BY THE TOWN COUNCIL OF THE TOWN OF HICKORY CREEK, TEXAS:

<u>Section 1</u>. All matters stated in the preamble of this Ordinance are found to be true and correct and are incorporated into the body of this Ordinance as if copied in their entirety.

Ordinance Reallocating Assessments and Approving an Amended SAP

Unless otherwise defined in this Ordinance, capitalized terms used in this Ordinance shall have the meanings given to them in the Amended SAP.

- Section 2. The Amended SAP attached as Exhibit A to this Ordinance is approved and adopted by the Town Council as the "service plan" for the District as required by Section 372.013 of the Act, the "assessment plan" for the District as required by Section 372.014 of the Act, and the "assessment roll" for the District as required by Section 372.016 of the Act. The Amended SAP has been reviewed by the Town Council and is hereby approved and adopted. The Amended SAP for the District shall be updated annually as required by the Act.
- Section 3. The costs of the Authorized Improvements have been assessed and levied against the Assessed Property as an assessment against the benefitted property as set forth in the Amended SAP for the District. The costs of the Assessments are hereby reallocated between the Assessed Property and the Changed Property as set forth in the Amended SAP. The Amended SAP shall be effective upon the effective date of this Ordinance.
- <u>Section 4</u>. (a) The reallocation of the Assessments shall be effective on the date of adoption of this Ordinance.
- (b) The apportionment of the costs of the Authorized Improvements to be allocated against the Assessed Property within the District shall be as set forth in the Amended SAP.
- (c) The Assessments and Annual Installments shall be collected, administered and may be reallocated, and the costs of improvements paid, as set forth in: (i) this Ordinance; (ii) the Amended SAP; and (iii) any ordinance, resolution, bond indenture or agreement approved by the Town Council.
- (d) Each Assessment may be paid in a lump sum or may be paid in Annual Installments pursuant to the terms of the Amended SAP.
- (e) Each Assessment shall accrue and bear interest at the rate specified in the Amended SAP.
- (f) Each Annual Installment shall be due and payable and shall be collected each year in the manner set forth in the Amended SAP.
- (g) Assessments and the interest thereon shall be deposited as and when received by the Town into a separate fund to be used to pay the costs incurred for the Authorized Improvements, including debt service on Bonds issued to pay the costs of the Authorized Improvements, and the establishment of each such fund is hereby ratified.
- (h) The Annual Installments shall be reduced to equal the actual costs of repaying the related series of Bonds and actual Annual Collection Expenses (as provided for in the definition of such term), taking into consideration any other available funds for these costs, such as interest income on account balances.

Based on information, materials, evidence, and testimony available to or Section 5. provided to the Town Council, the Town Council has found and determined that the Assessments: (i) have been levied and reallocated in accordance with the Act based solely on the special benefits conferred on the Assessed Property and the Changed Property by the Authorized Improvements; (ii) have been levied based on the enhanced value of the Assessed Property and the Changed Property as a result of the Authorized Improvements; (iii) have taken into consideration reasonable classifications and formulas to allocate the costs of the Authorized Improvements; (iv) impose equal shares of the costs of the Authorized Improvements on property similarly benefited; (v) are in amounts necessary to pay the costs of the Authorized Improvements; and (vii) will continue for the period of time necessary to retire the Bonds issued to construct the Authorized Improvements. The Town Council further finds and determines that the Assessed Property and Changed Property is benefited by the Authorized Improvements in an amount that equals or exceeds the Assessment against the Assessed Property or Changed Property and that the Assessment is otherwise just and equitable. The findings and determinations by the Town Council represent the discretionary exercise by the Town Council of its legislative and governmental authority and power.

Section 6. The Town Council and the Landowner(s) intend for the obligations, covenants, and burdens on the landowners of the Assessed Property and Changed Property, including without limitation such Landowner(s)' obligations related to payment of the Assessments and the Annual Installments thereof, to constitute covenants running with the land. The Assessments and Annual Installments thereof which are levied are binding upon the Landowner(s), as the owners of the Assessed Property and Changed Property, and their respective transferees, legal representatives, heirs, devisees, successors and assigns in the same manner and for the same period as such parties would be personally liable for the payment of ad valorem taxes under applicable law. The Assessment shall have a lien priority as specified in the Amended SAP and the Act.

<u>Section 7.</u> This Ordinance incorporates by reference all provisions and requirements of the Act.

Section 8. If any section, article, paragraph, sentence, clause, phrase, or word in this Ordinance, or application thereof to any persons or circumstances is held invalid or unconstitutional by a court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of this Ordinance; and the Town Council hereby declares it would have passed such remaining portion of this Ordinance, despite such invalidity, which remaining portions shall remain in full force and effect.

Section 9. The Town Secretary is directed to cause a copy of this Ordinance, including the Reallocated Assessment Roll for the District, to be recorded in the real property records of Denton County. Copies of the Amended SAP and any updates thereto may be obtained or viewed in the Town Secretary's Office located at Hickory Creek Town Hall, 1075 Ronald Reagan Avenue, Hickory Creek, TX 75065.

<u>Section 10</u>. This Ordinance shall take effect immediately from and after its passage and it is accordingly so ordained.

PASSED, APPROVED AND ADOPTED ON FEBRUARY 24, 2020.

**WHEREAS**, the Town of Hickory Creek is a Type A General Law Municipality located in Denton County, Texas created in accordance with the provisions of the Texas Local Government Code and operating pursuant to the enabling legislation of the State of Texas; and

**WHEREAS**, Title 7, Chapter 211.003 of the Texas Local Government Code empowers a municipality to, among other things, establish and amend zoning districts, classifications of land use, adopt a comprehensive plan to regulate the use of land and open spaces, adopt and amend zoning regulations, regulate population density, and regulate the use and location of buildings; and

**WHEREAS**, the owner/representative of 6.72 gross acres of land described on Exhibit "A" attached hereto and incorporated herein (the "Property"), has applied for a zoning modification of its current zoning of PD (Planned Development) District; and

**WHEREAS**, such application further requested an amendment to the official Zoning District Map of the Town in accordance with the zoning ordinance of the Town; and

WHEREAS, after public notices were given, legal notices and other requirements were satisfied, and a public hearing was conducted, all in accordance with State law and the Comprehensive Zoning Ordinance of the Town, and after considering the information submitted at that public hearing and all other relevant information and materials, the Planning and Zoning Commission of the Town has forwarded to the Town Council its favorable recommendation regarding the adoption of the amendment to the Comprehensive Zoning Ordinance as set forth in this Ordinance; and

WHEREAS, after public notices were given, legal notices and other requirements were satisfied, and a public hearing was conducted, all in accordance with State law and the Comprehensive Zoning Ordinance of this Town, and after considering the information submitted at that public hearing and all other relevant information and materials, including the character of the Property and its suitability for particular uses and development, with a view of encouraging the most appropriate use of the Property, the Town Council made a finding that the rezoning approved hereby accomplishes such objectives; and

**WHEREAS**, the Town Council has determined that there is a necessity and need for the change in zoning and that the proposed change is consistent with the Comprehensive Land Use Plan of the Town.

## NOW, THEREFORE, BE IT ORDAINED BY THE TOWN COUNCIL OF THE TOWN OF HICKORY CREEK, TEXAS:

#### SECTION 1 INCORPORATION OF PREMISES

The above and foregoing premises are true and correct and are incorporated herein and made a part hereof for all purposes.

### **SECTION 2 FINDINGS**

After due deliberations and consideration of the recommendation of the Planning and Zoning Commission and the information and other materials received at the public hearing, the Town Council has concluded that the adoption of this Ordinance is in the best interest of the Town of Hickory Creek, Texas, and of the public health, safety, and welfare.

## **SECTION 3 REZONING**

The zoning ordinance of the Town of Hickory Creek, Texas, the same being the Town's Comprehensive Zoning Ordinance, as it exists on the date of the adoption of this Ordinance (the "Comprehensive Zoning Ordinance") is hereby amended in the following particulars, and all other articles, chapters, sections, paragraphs, sentences, definitions, phrases, and words are not amended but are hereby ratified and affirmed:

- A. The zoning of the Property hereby designates PD (Planned Development) District for use in accordance with the requirements of this Ordinance and all other applicable ordinances, rules, and regulations of the Town. Requirements of this Ordinance are more specifically described and set forth in Exhibits "B" and "C", which are attached hereto and incorporated herein for all purposes and shall apply to the "PD" Planned Development unless otherwise specified in such Exhibits.
- B. The development standards for this Planned Development are attached hereto as Exhibit "B" and are incorporated herein as if copied in their entirety. Such development standards shall be adhered to in carrying out the development of the Property in accordance with this Ordinance and shall individually and collectively constitute

- conditions precedent to the granting of any Certificate of Occupancy and building permit for all structures within this Planned Development.
- C. A conceptual site plan for the Property is attached hereto as Exhibit "C" and incorporated herein as if copied in its entirety.

### SECTION 4 APPLICABLE REGULATIONS

Except as otherwise provided in this Ordinance, the Property shall be subject to the applicable regulations contained in the Comprehensive Zoning Ordinance and all other applicable and pertinent ordinances and regulations of the Town, including, but not limited to, the Town's subdivision ordinance, building codes, requirements concerning preliminary and comprehensive site plans, landscape plans, and tree preservation. It shall be unlawful for any person, firm, or corporation to make sure of said premises in some manner other than as outlined by this Ordinance.

#### SECTION 5 ZONING MAP

The Town Secretary is hereby directed to mark and indicate on the official Zoning District Map of the Town the zoning change herein made.

#### SECTION 6 CUMULATIVE

This Ordinance shall be cumulative of all other Ordinances and shall not repeal any of the provisions of such Ordinances except for those instances where there are direct conflicts with the provisions of this Ordinance.

#### SECTION 7 SAVINGS

All rights and remedies of the Town of Hickory Creek, Texas, are expressly saved as to any and all violations of the provisions of any other Ordinance affecting regulations governing and regulating the zoning of land which have secured at the time of the effective date of this Ordinance; and, as to such accrued violations and all pending litigation, both civil and criminal, whether pending in court or not, under such Ordinances same shall not be affected by this Ordinance but may be prosecuted until final disposition by the courts.

#### SECTION 8 SEVERABILITY

If any section, article, paragraph, sentence, clause, phrase, or word in this Ordinance or application thereof to any person or circumstance is held invalid or unconstitutional by a Court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of this Ordinance, and the Town Council hereby declares it would have passed such remaining portions of this Ordinance despite such invalidity, which remaining portions shall remain in full force and effect.

### SECTION 9 PENALTY

It shall be unlawful for any person to violate any provision of this Ordinance, and any person violating or failing to comply with any provision hereof shall be fined, upon conviction, in an amount not more than Two Thousand Dollars (\$2,000.00), and a separate offense shall be deemed committed each day during or on which a violation occurs or continues. If the governing body of the Town of Hickory Creek determines that a violation of this Ordinance has occurred, the Town of Hickory Creek may bring suit in district court to enjoin the person, firm, partnership, corporation, or association from engaging in the prohibited activity.

#### SECTION 10 PUBLICATION

The Town Secretary of the Town of Hickory Creek is hereby directed to publish the Caption, Penalty, and Effective Date of this Ordinance as required by Section 52.011 of the Texas Local Government Code.

#### SECTION 11 ENGROSSMENT AND ENROLLMENT

The Town Secretary of the Town of Hickory Creek is hereby directed to engross and enroll this Ordinance by copying the exact Caption, Penalty, and Effective Date of this Ordinance in the minutes of the Town Council and by filing this Ordinance in the ordinance records of the Town.

#### SECTION 12 EFFECTIVE DATE

This ordinance shall become effective from and after its date of adoption and publication as provided by law, and it is so ordained.

### Task 1 - Project Management Scope of Services - (\$7,000.00)

### a. Internal Team Meetings

HALFF shall conduct internal team meetings as required by the project. The internal team meetings will include internal coordination of project processes, program items and schedules.

#### b. Communications and Reporting

#### 1. Pre-Design Coordination Meeting

HALFF shall conduct a pre-design coordination meeting with the TOWN to review the previously selected downtown monument sign concept and discuss location and orientation of the proposed sign. The pre-design coordination meeting will be held at the TOWN administrative office.

Meetings: One (01)

#### 2. Design Submittal Review Meetings

HALFF shall conduct a design submittal review meeting with TOWN staff members to discuss all comments related to the project at each submittal milestone. All design submittal review meetings will be held at the TOWN office. The meeting and submittal milestones shall be as follows:

- a. Concept Development Drawings One meeting
- b. 90% Design Drawings Conference Call
- c. Final Design Drawings Conference Call

#### Meetings: Three Meetings (03) - one in-person, two conference calls

#### 3. Agency Coordination

Agency Coordination with the TOWN, TxDOT, Oncor and other entities to establish the project's goals and objectives, identify parameter for the upcoming planning and design efforts.

Meetings: One (01)

#### Task 2 - Topographical Survey and Base Map Preparation - (\$5,000.00)

### 1. Topographical Survey

Perform detailed topographical surveying for the PROJECT located at S Stemmons Freeway Ramp and Tuberville Road. The survey will be based on the Texas State Plane Coordinate System 4202 North Central Texas datum. The survey will include the following:

- a. Horizontal and Vertical control points will be established such that all points of construction will be within 500 ft. (300 ft. if visibility issues with line of sight) of a control point. Vertical benchmarks should not be subject to loss during construction.
- b. Topographic survey of the proposed improvements including, tie all above ground improvements within the corridor, tie back of curb, visible utilities, and property comers (no boundary resolution).
- c. Compile the digital information provided by the Engineer during the data gathering exercises into a base map for use during the planning and design activities. This base map will illustrate information such as locations of existing streets; existing wet and dry utilities; vegetation; and existing topography.

### Task 3 - Construction Document Preparation - (\$44,000.00)

Based on the approved Concept Design, HALFF shall prepare, for approval by the TOWN, a complete set of construction documents and specifications as defined below. HALFF shall prepare and print two draft sets (one 11x17 and one 22x34) and one digital pdf file copy of drawings for review and comment. Drawings and specifications shall be submitted at 90% and Final submittal stages as defined in the scope of work. HALFF will provide the following drawings for submittal:

# 1. Landscape & Irrigation Plan (\$10,000)

HALFF shall provide a sustainable landscape and irrigation design that promotes native planting, low water usage and minimal maintenance. The landscape will reflect the natural characteristics of its surrounding ecology and native environment. The landscape plan will show all plantings, arrangement of plant materials, mow areas, and landscape berms. The quantity, species, size and spacing of all materials will be specified in a material schedule on the plan. Details for the proper installation of plants will also be included.

HALFF shall design and provide details for the irrigation plan. Upon approval of the landscape plan, we will prepare an irrigation plan that responds to the proposed landscape, being sensitive to the native plant material. The plan will be developed with an emphasis on proper zoning of the system in order to maximize efficient water management. The system will be designed to permit separate watering of turf grass. Details for the proper installation of sprinkler heads, valves, pipe, service connection, controller and other items will be shown on the plan.

#### 2. Monument Sign Design (\$5,000.00)

HALFF shall prepare Monument Signage design for the intersection of S Stemmons Freeway Ramp and Tuberville Road. PROJECT to include preparation of drawings and specifications required for the site monument features including plan view layout, dimension control, section, elevation, details, materials and specifications. Geotechnical report not included in the scope of work and shall be provided by the Town.

### 3. Structural Design (\$12,000.00)

HALFF shall prepare drawings and specifications required for the proposed gateway monument. Plans shall include layout, including dimension control, section, elevation, details, materials and specifications. The geotech report (As required, shall be negotiated with an approved vendor by the TOWN)

#### 4. Electrical Design (\$10,000.00)

HALFF shall prepare lighting and electrical power design and contract documents for the gateway monuments and coordinate power supply needed for irrigation. Services to include lighting design plans and details, fixture selection, coordinate meeting at the site with Utility provider as required design power distribution.

#### 5. Cost Estimating (\$5,000.00)

HALFF shall prepare one preliminary and one final estimate of probable construction cost for items to be included in overall project cost estimates. Estimates shall be prepared utilizing standard cost and/or quantity estimate practices.

### 6. Reimbursable Expenses (\$2,000.00)

Reimbursable Expenses shall include, but are not necessarily limited to expenses for supplies, transportation, equipment, travel, communication, printing of plans and specifications, presentation boards, graphic boards and similar incidentals.

### Task 4 - Bidding - (\$5,000.00)

- 1. Attend one pre-bid meeting; meeting time and location to be selected by the Town.
- 2. Answer and respond to RFI's and Issue Addendums.
- 3. Review bid received, tabulate and provide written response to Town.

#### Task 5 - Construction Administration – (\$5,000.00)

The HALFF shall provide construction administration services to include the following:

- 1. Answer Contractor's Request for Information (RFI's).
- 2. Review and respond to construction (shop drawing) submittals;
- 3. Provide record drawings based on Contractor's site "markups".

# **GENERAL CONDITIONS**

for

# Texas Volkswagen Environmental Mitigation Program Replacement and Repower Activities

# **ARTICLE 1. DEFINITIONS**

Unless defined herein, terms in this Contract and Contract Documents will have the meanings provided in the Texas Uniform Grant Management Standards (UGMS) or the Volkswagen Environmental Mitigation Trust Agreement for State Beneficiaries (State Trust) and Beneficiary Mitigation Plan for Texas (Mitigation Plan). The following terms have the meanings indicated.

- 1.1 Activity Life the time period established by the TCEQ that is used to determine the emissions reductions of the activity. The Activity Life begins on the date the final reimbursement payment is made under the grant, continuing for five (5) years afterwards. Upon acceptance by TCEQ of the final disposition verification and completion of all reimbursements, the TCEQ will notify the PERFORMING PARTY in writing of the Activity Life start and end dates for each activity.
- 1.2 Application the Application for a grant submitted by the PERFORMING PARTY including any amendments or supplemental conditions added to the application. An Application may include one or more Supplemental Forms, which pertain to the individual activities to be conducted under the grant. The Application is used to develop the Scope of Work. In case of conflict between the Application and Scope of Work, the Scope of Work will take precedence.
- 1.3 Authorized Official the individual authorized to sign legal documents on behalf of the TCEQ and the PERFORMING PARTY. Authorized Officials of the TCEQ and the PERFORMING PARTY are designated in writing in the Contract.
- 1.4 Contract Period term of the Contract from the Contract Effective Date through final reimbursement payment. This Contract will administratively terminate at the end of the Contract Period with the final reimbursement payment and release of claims; however, the PERFORMING PARTY remains obligated for the Activity Life of the Contract.
- 1.5 Final Completion when the Grant Activities are completed in the judgment of the TCEQ. This will usually occur upon the successful completion of the Activity Life of all the Grant Activities under this Contract.
- 1.6 Grant Activity/Activities activities the PERFORMING PARTY has agreed to perform under this Contract that are detailed in the Scope of Work.
- 1.7 Grant means the Contract between TCEQ and the PERFORMING PARTY consisting of the documents listed in Article 8, Contract Documents. The term "Grant" shall be used interchangeably as "Agreement" or "Contract."
- 1.8 Grant Equipment the equipment, real property, vehicles, qualifying fuel, infrastructure, processes and technology, and the related goods and services in a Grant Activity for which the cost of purchase or utilization is reimbursed, in whole or in part, under this Contract. The term includes replacements for the Grant Equipment which is lost, stolen, or irreparably damaged.
- 1.9 Incremental Costs the cost of an approved activity less a baseline cost that would otherwise be incurred by the PERFORMING PARTY in the normal course of business, as determined according to the RFGA.
- 1.10 Minor Change a written document which provides for minor changes in the work in accordance with these General Conditions, but which does not involve a change in the Contract Amount or the Contract Period.
- $1.11~NO_{\rm N}$  nitrogen oxides (NO<sub>x</sub>) are a class of pollutants formed when fuel is burned at a very high temperature (above  $1200^{\circ}$  F), such as in automobiles and power plants. For air pollution purposes, it is composed primarily of nitric oxide (NO), nitrogen dioxide (NO<sub>2</sub>), and other oxides of nitrogen, and it plays a major role in the formation of ground-level ozone in the atmosphere through a complex series of reactions with volatile organic compounds (VOCs).
- 1.12 Optimum Performance the level of performance at which Grant Equipment functions to achieve the anticipated emissions reductions.

- 1.13 PERFORMING PARTY the grant recipient indicated on the signature page of this Contract, also referred to in this agreement as the "grantee."
- 1.14 Purchase Expiration Date the date specified in the Contract when all costs for Grant Equipment must be incurred and paid.
- 1.15 Priority Areas the eligible areas and counties where the PERFORMING PARTY must use the grantfunded equipment a minimum of 51% of the annual use during the Activity Life. The applicable Priority Areas are listed in the TxVEMP RFGA, TxVEMP Application, and the Scope of Work of this Contract.
- 1.16 Project Representative individual identified by each party and designated in this Contract to whom all communications, signed contracts and related documents, and written correspondence will be addressed and delivered.
- 1.17 Scope of Work the contract document detailing the requirements of the Grant Activities.
- 1.18 State means the State of Texas.
- 1.19 Termination means a permanent end and cessation of the Contract because: the Purchase Expiration Date has passed without completion of purchases eligible for reimbursement; all requirements of this Contract are completed within the sole discretion of the TCEQ; the PERFORMING PARTY has requested termination and repaid funds as allowed by Section 19.7; or the Contract is ended by action of the TCEQ for cause or for convenience. The Date of Termination is the Purchase Expiration Date, Final Completion, or the effective date of action by the TCEQ ending the Contract for cause or for convenience, as applicable.
- 1.20 Written Amendment a document signed by the PERFORMING PARTY and the TCEQ which authorizes an adjustment in the Contract Amount or the Contract Period, or substantive changes to the Grant Activities affecting obligations between the parties issued on or after the Effective Date of the Contract.

# ARTICLE 2. GOVERNING STANDARDS AND LEGAL AUTHORITY

This Contract is subject to: (1) Texas Water Code Section 5.124 (TCEQ's authority to award grants) and Section 5.229 (TCEQ's general authority to enter into contracts); (2) the Uniform Grant and Contract Management Act, Texas Government Code, Section 783.001 et seq., and the Texas Uniform Grant Management Standards (UGMS); (3) TCEQ rules and policies (pertaining to TCEQ contracts and grants); (4) the State Trust Agreement and the Mitigation Plan; (5) the RFGA; and (6) other applicable Federal and State rules and statutes.

#### **ARTICLE 3. PURPOSE**

This grant program implements a portion of the Texas Volkswagen (VW) Environmental Mitigation Program (TxVEMP) established and administered by the TCEQ. Visit the TxVEMP website, www.TexasVWFund.org, for more information on the background and purpose of the TxVEMP.

#### **ARTICLE 4. FUNDS**

- 4.1 Amount Limits on Funds. The PERFORMING PARTY will receive reimbursement for the costs of the conforming Grant Activities. The Total Contract Amount Not to Exceed is shown on the Signature Page.
- 4.2 TCEQ in its sole discretion will determine whether costs are eligible and conform to the Grant Activities. The actual amount of reimbursement authorized may be less than the Total Contract Amount Not to Exceed. The Total Contract Amount Not to Exceed is not a guarantee of payment, nor does the Contract guarantee a minimum amount of reimbursement.
- 4.3 Time Limits on Funds (Purchase Expiration Date). Costs to be reimbursed under this Contract must be incurred and paid by the Purchase Expiration Date as identified on the Signature Page of this Contract.

# ARTICLE 5. CONTRACT PERIOD

- 5.1 This Contract will commence on the Effective Date of the Contract and will expire 24 months after that date (Contract Expiration Date). The Contract Expiration Date may be extended through a Written Amendment. Extensions are subject to TCEQ's sole discretion.
- 5.2 The PERFORMING PARTY agrees to perform in accordance with the Contract Documents beyond any event of termination and through the end of the Activity Life of any Grant Activity for which the PERFORMING PARTY has been reimbursed. The PERFORMING PARTY acknowledges that certain contractual requirements, such as record retention and audit survive the Expiration Date or termination of the Contract.

5.3 Due to the time limitations on availability of the grant funds, the TCEQ's obligation to reimburse the PERFORMING PARTY's allowable costs incurred and paid expires forty-five (45) days after the Purchase Expiration Date. If no reimbursement has been requested as of this date, this Contract will terminate without any further obligations to either party.

# ARTICLE 6. ELIGIBLE ACTIVITIES

- 6.1 The PERFORMING PARTY agrees to complete all Grant Activities as described in the Scope of Work and in accordance with the Contract Documents.
- 6.2 The TCEQ may accept performance of a reduced number of the individual Grant Activities listed in the Scope of Work, at its sole discretion. The PERFORMING PARTY will only be reimbursed for those Grant Activities for which eligible purchases are completed.
- 6.3 The vehicle or piece of equipment being acquired under a grant may not have been acquired prior to the opening of the grant application period, unless otherwise approved by the TCEQ.

# ARTICLE 7. REPRESENTATIONS

The PERFORMING PARTY hereby ratifies and attests to all representations and certifications in the Application and agrees to give prompt written notice to the TCEQ if there is any material change in these representations or certifications.

### ARTICLE 8. CONTRACT DOCUMENTS

- 8.1 The Contract Documents which comprise the entire Contract between TCEQ and the PERFORMING PARTY are (in order of precedence in the event of conflicts):
  - 8.1.1 Contract Signature Page.
  - 8.1.2 Scope of Work.
  - 8.1.3 Special Conditions.
  - 8.1.4 General Conditions.
  - 8.1.5 The TCEQ Request for Grant Applications, incorporated herein by reference.
  - 8.1.6 Beneficiary Mitigation Plan for Texas, incorporated herein by reference.
  - 8.1.7 Environmental Mitigation Trust Agreement for State Beneficiaries ("State Trust"), incorporated herein by reference.
  - 8.1.8 The PERFORMING PARTY's Original Application, and any supplemental documentation submitted by the PERFORMING PARTY in support of the Application or grant award, incorporated herein by reference.
  - 8.1.9 The following which may be delivered or issued after the Effective Date of the Contract and are not attached: all written Amendments, and other documents amending, modifying, or supplementing the Contract Documents pursuant to the General Conditions.
- 8.2 The information and data provided in the Application submitted by the PERFORMING PARTY may have been altered after submittal to the TCEQ, to ensure that the information in the application is accurate. The PERFORMING PARTY has reviewed the Scope of Work (a Contract Document) and hereby ratifies, adopts, and agrees to all such alterations contained within the Scope of Work.
- 8.3 There are no Contract Documents other than those listed above in this Article. The Contract Documents may be amended, modified, or supplemented only as provided in the General Conditions.

# ARTICLE 9. ELIGIBILITY FOR COST REIMBURSEMENT

- 9.1 The TCEQ will direct the Trustee of the State Trust to act as Disburser to issue payment to the PERFORMING PARTY for those costs which are eligible for reimbursement in accordance with all requirements. Costs are considered eligible for reimbursement when the TCEQ, in its sole discretion, determines that the costs are the reasonable, necessary, actual, and allowable costs of implementing the Grant Activities listed in the Scope of Work. Costs must be included in the Scope of Work to be eligible for reimbursement.
- 9.2 The Grant Equipment must be acquired, with costs incurred and paid to be eligible for reimbursement. If the PERFORMING PARTY is obligated under a commercial financing agreement resulting in PERFORMING PARTY's purchase and ownership of the equipment (such as a capital lease or finance lease), this is also eligible. Leases that do not meet this criterion are ineligible.

9.2.1 If the Contract includes Infrastructure projects, a standard lease agreement of the infrastructure equipment without a binding commitment to purchase is eligible for these projects. The lease must extend to the end of the Activity Life for the Infrastructure equipment.

#### **Procurement**

9.3 The PERFORMING PARTY agrees to follow all the requirements of the Texas Uniform Grant Management Standards (UGMS). The PERFORMING PARTY must ensure its procurement practices prohibit any actual or apparent conflicts of interest as described under UGMS \_\_.36 Procurement (b)(3). Performing Party agrees that TCEQ has sole discretion to determine whether a conflict exists, and that a conflict of interest may be considered a material breach of this Contract. Additionally, PERFORMING PARTY will adhere to the applicable cost principles under \_\_.22 Allowable Costs. The UGMS document is located at:

https://comptroller.texas.gov/purchasing/docs/ugms.pdf

# Reasonable Costs

- 9.4 Reasonableness of costs depends upon a variety of considerations and circumstances, including:
  - 9.4.1 whether it is the type of cost generally recognized as ordinary and necessary for the conduct of the PERFORMING PARTY's business or the contract performance;
  - 9.4.2 generally accepted sound business practices, arm's length bargaining, and federal and state laws and regulations;
  - 9.4.3 the PERFORMING PARTY's responsibilities to the TCEQ, other customers, the owners of the business, employees, and the public at large; and
  - 9.4.4 any significant deviations from the accepted industry established practices.

# **Necessary Costs**

- 9.5 Necessary costs include costs which are directly attributable to the implementation of the Grant Activities and must be included in the Scope of Work.
- 9.6 Unless expressly authorized by the TCEQ, necessary costs do not include:
  - 9.6.1 the cost of money;
  - 9.6.2 the interest charges on a purchase money loan or on a deferred payment purchase agreement; or
  - 9.6.3 the cost of converting from a lease to a purchase at the end of the lease period.

#### **Actual Costs**

- 9.7 The criteria for actual costs include:
  - 9.7.1 the direct Incremental Costs of implementing the Grant Activities; or
  - 9.7.2 the true price charged by a vendor/contractor to the PERFORMING PARTY for implementing the Grant Activities.
- 9.8 Unless expressly authorized by the TCEQ, actual costs do not include:
  - 9.8.1 amounts deducted from the true price of the purchase or lease acquisition of Grant Equipment whether as discounts, rebates, refunds or otherwise;
  - 9.8.2 amounts which the PERFORMING PARTY owes or agrees to pay a vendor or contractor for any purpose other than the implementation of Grant Activities;
  - 9.8.3 amounts in the charges which a vendor/contractor intends to return to PERFORMING PARTY in the form of cash, goods, services, gifts, intangibles, discounts or any other items of value;
  - 9.8.4 baseline costs designated by the TCEQ in the Application reflecting the costs that would otherwise be incurred by the PERFORMING PARTY in the normal course of business; or
  - 9.8.5 amounts which are reimbursed by other public sources or for which tax credits or other public financial incentives are or will be received by the PERFORMING PARTY.
- 9.9 The PERFORMING PARTY's documentation of expenses is required under Article 17 of these General Conditions.

### Allowable Costs

9.10 In order to be allowable, costs must be included in the Scope of Work, and must satisfy the requirements of: this Contract, the UGMS, state agency rules, and all applicable state and federal laws.

# Consulting (Application Assistance) Fees

- 9.11 Any fees charged by a consultant for preparation of the Application, either directly or as an addition to the cost basis of the grant-funded vehicle, equipment, or engine, are the sole responsibility of the PERFORMING PARTY or the vendor and are not an allowable cost under this Contract. All purchase decisions must be based on sound business practices and arm's length bargaining. It is generally considered acceptable for an applicant to accept assistance from a vendor or an agent of a vendor in preparing the Application, so long as any decision by the applicant to purchase the grant-funded vehicle or equipment from that vendor is made independently and meets the other reasonableness provisions in the grant contract. However, if the consultant is paid directly by the applicant to complete the Application or to act as the PERFORMING PARTY's agent for the grant process, purchases of Grant Equipment from an entity in which the consultant has an interest will be considered a conflict of interest under Subsection 9.3 of this Contract.
- 9.12 Unless otherwise approved in advance by the TCEQ, fees for a third-party consultant hired by the PERFORMING PARTY to manage and administer the grant-funded activities, including coordination of the work and submission of reports and paperwork to the TCEQ, will be considered administrative costs of the PERFORMING PARTY and are not allowable under this Contract. This provision does not limit the ability of an equipment vendor or installer to include ordinary, reasonable, and necessary operational costs in the price of the vehicle, equipment, or installation services.

# Preapproval of Costs

9.13 The TCEQ may request additional details regarding costs listed in the Scope of Work and may require that the PERFORMING PARTY obtain preapproval of specific costs from the TCEQ prior to incurring those costs.

# Purchase Agreements and Subcontracts

9.14 If requested by the TCEQ, the PERFORMING PARTY must provide the TCEQ with copies of purchase agreements or subcontracts for cost items to be reimbursed under this Contract for approval, prior to the PERFORMING PARTY entering into a final purchase agreement and/or subcontract.

#### Additional Evidence

9.15 The TCEQ may at any time before or after reimbursement, as necessary in its sole discretion, request additional evidence concerning costs.

#### Additional Criteria for Reimbursement

9.16 The TCEQ may at any time, in its sole discretion, establish additional criteria and requirements for reimbursement of costs as serves the best interests of the State.

#### Costs in Scope of Work are Maximum Amounts, Not a Guarantee

9.17 Amounts of costs stated in the Scope of Work are maximum amounts of reimbursement. By stating the amounts, TCEQ does not 1) guarantee payment of those amounts or 2) waive the requirements for reimbursement which must subsequently and continually be satisfied by the PERFORMING PARTY. The amount of costs for which reimbursement may be requested is the lesser of 1) the costs stated in the Scope of Work or 2) the actual eligible costs.

# No Entitlement to Funds

- 9.18 The PERFORMING PARTY has a continuing obligation to satisfy the requirements for reimbursement. Neither a request for reimbursement nor TCEQ's direction of the Disburser to issue payment nor any other action will establish an entitlement in the PERFORMING PARTY to payment from the TCEQ or the Disburser.
- 9.19 By directing the Disburser to issue a check for payment, the TCEQ does not waive any requirements for the reimbursement of costs. The TCEQ may audit the records of the PERFORMING PARTY and may also audit the PERFORMING PARTY's performance as to the Grant Activities and the administrative requirements. The PERFORMING PARTY shall return grant funding to the State Trust for any reimbursed expenses that are later determined to be unallowable under the terms of this Contract.

#### Debts owed to the State

9.20 If the PERFORMING PARTY owes any amount(s) to the State of Texas TCEQ may not authorize reimbursement until the debt is satisfied.

### Child Support

9.21 Under Section 231.006 of the Texas Family Code, a child support obligor who is more than 30 days delinquent in paying child support and a business entity in which the obligor is a sole proprietor, partner, shareholder, or owner with an ownership interest of at least 25 percent is not eligible to receive a state grant or loan. By executing this Contract, the PERFORMING PARTY certifies that the individual or business entity named in this contract, bid, or application is eligible to receive the specified grant, loan, or payment and acknowledges that this Contract may be terminated and payment may be withheld if this certification is inaccurate.

# Required Waiver

- 9.22 Any checks to the PERFORMING PARTY will be issued on behalf of TCEQ by Wilmington Trust, N.A., acting as Disburser. Checks will include the following waiver language below the endorsement signature line of each check: "By endorsing and cashing this check the Payee hereof agrees and acknowledges that: (i) Wilmington Trust N.A. ("WT") is acting merely as an agent of the TCEQ solely to assist it in making payments and that such payees agrees to waive any and all claims whatsoever, in law and/or in equity, against WT, and agrees not to initiate a suit against WT in respect of, and agrees that WT will not be liable for, any actions that WT takes, or abstains from taking, in either case, arising out of or in connection with the performance of its duties on behalf and as directed by TCEQ and (ii) WT shall not be liable for indirect, special, incidental, punitive or consequential losses or damages of any kind whatsoever or force majeure events or Acts of God in connection with making this payment for TCEQ."
  - 9.22.1 The PERFORMING PARTY acknowledges that the Disburser is a third-party beneficiary of this acknowledgement.

#### ARTICLE 10. REQUEST FOR REIMBURSEMENT

10.1 Eligible expenses must have been incurred by the PERFORMING PARTY prior to the Purchase Expiration Date. To receive reimbursement for eligible expenses, the PERFORMING PARTY shall submit no more frequently than monthly, a completed TCEQ Request for Reimbursement form, to be made available to the PERFORMING PARTY by the TCEQ. The request and forms shall be mailed or delivered to:

Texas Commission on Environmental Quality Air Grants Division, MC-204 P.O. Box 13087 Austin, TX 78711-3087

- 10.2 The PERFORMING PARTY is responsible for fully and accurately completing the Request for Reimbursement form. The PERFORMING PARTY will receive its reimbursement payment in the form of a check sent by Wilmington Trust, N.A., as Disburser. All payments will be sent to the PERFORMING PARTY by the Wilmington Trust, N.A. at the direction of TCEQ. Neither TCEQ nor Wilmington Trust, N.A. is liable for any inaccurate or incomplete information provided by the PERFORMING PARTY. The PERFORMING PARTY is responsible for any additional costs or fees related to correcting any inaccurate information provided by the PERFORMING PARTY, including any tax penalties or fees resulting from inaccurate information.
- 10.3 The PERFORMING PARTY will indicate on the Request for Reimbursement whether any additional financial incentives have been received, or are expected to be received, by the PERFORMING PARTY that offsets the grant activity costs, including tax credits or deductions, other grants, or any other public financial assistance.
- 10.4 Except as provided for under Subsection 10.6 below, to be eligible for reimbursement under this Contract, a cost must have been incurred and paid by the Purchase Expiration Date and prior to claiming reimbursement from TCEQ. A cost may not be considered incurred until the Grant Equipment and/or goods and services included under the cost have been received and accepted by the PERFORMING PARTY. The cost must have been paid by the PERFORMING PARTY prior to claiming reimbursement.

# **Project Costs**

10.5 The TCEQ will direct the Disburser to reimburse the PERFORMING PARTY for no more than the amount specified for each Activity in the Scope of Work. This amount may be adjusted downward in accordance with the Contract.

- 10.6 If the PERFORMING PARTY has paid eligible expenses that are equal to or greater than the grant amount with cash-on hand, the reimbursement may be paid directly to the PERFORMING PARTY. In the event the PERFORMING PARTY finances the Grant Equipment, TCEQ may not pay the PERFORMING PARTY directly unless the PERFORMING PARTY has paid an amount equal to or greater than the grant amount; however, the payment may be assigned directly to the financing company. Supporting documentation must be submitted to establish that the goods or services were received, and that the payment amount is owed to the financing company indicated by the PERFORMING PARTY.
  - 10.6.1. If an assignment is requested, the PERFORMING PARTY must complete the Assignment Request and Acceptance section of the Request for Reimbursement.
- 10.7 A final Request for Reimbursement Form, indicating in the appropriate box that it is the final request, must be submitted to the TCEQ by no later than forty-five (45) days after the Purchase Expiration Date.
- 10.8 All Request for Reimbursement forms must clearly detail and document the costs incurred (or obligated under a financing agreement) and paid. TCEQ will review the Request for Reimbursement form and supporting documentation to determine the eligibility of a particular cost. Supporting documentation materials, as directed by the TCEQ in the instructions accompanying the forms, shall be attached to the report forms to clearly show that the cost was incurred and, except where the payment is assigned to another entity, paid.
- 10.9 Unless otherwise approved by the TCEQ, all work on the Grant Equipment must be completed and the Grant Equipment operational and delivered in final form before reimbursement will be made on an Activity. The invoices and payment documents provided by the PERFORMING PARTY to support the reimbursement request must document that all work is completed, and the Grant Equipment is operational.

# Replacement, Repower, and On-Site Infrastructure Project Costs

10.10 For replacement, repower, and on-site infrastructure projects, the TCEQ will reimburse the PERFORMING PARTY for no more than the eligible amount for the purchase of the replacement vehicle or equipment as specified in the RFGA.

# Purchase/Payment Documents

- 10.11 In accordance with the terms of this Contract, for any purchase, deferred payment purchase, or other commercial financing arrangement, the PERFORMING PARTY must submit any supporting documentation required or requested by TCEQ. To receive payment for each Request for Reimbursement, and allow for any subsequent audit, the PERFORMING PARTY is specifically required to submit the following supporting documents:
  - 10.11.1 canceled checks or wire transfers;
  - 10.11.2 written purchase and commercial financing agreements;
  - 10.11.3 Bills of Sale or Receipts for Delivery;
  - 10.11.4 for deferred payment purchases, statements of account status showing the account in good standing and the equipment is in possession of the PERFORMING PARTY;
  - 10.11.5 Uniform Commercial Code (UCC) Financing Statement (Form UCC1) filing, if applicable. (The UCC allows a creditor to notify other creditors about a debtor's assets used as collateral for a secured transaction by filing a public notice (financing statement) with a particular filing office.): and
  - 10.11.6 other documentation requested by TCEQ to support the Request for Reimbursement.
- 10.12 The TCEQ may waive the requirement for submission of any supporting documents that are not applicable to the PERFORMING PARTY.
- 10.13 If the Request for Reimbursement does not satisfactorily demonstrate the accomplishment of the required tasks, or that costs are allowable, eligible, actual, and incurred costs, the TCEQ may reject the request, until the deficiencies have been corrected. Satisfactory accomplishment of a task is within the judgment of the TCEQ; however, such judgment must be reasonable.
- 10.14 The TCEQ is not obligated to direct the Disburser to make payment until the Request for Reimbursement is approved by the TCEQ. Payments may be suspended or withheld in all or part as authorized by the Contract.

#### ARTICLE 11. RELEASE OF CLAIMS

The final Request for Reimbursement must include a signed Release of Claims. The Release of Claims will be for the benefit of TCEQ and the Disburser, and the PERFORMING PARTY will release all claims for payment of any funds due and payable, pending PERFORMING PARTY'S receipt of the funds from the Disburser for the final Request for Reimbursement.

# ARTICLE 12. PERFORMING PARTY'S RESPONSIBILITIES TO THE TCEQ: GENERAL

- 12.1 All Grant Activities for which reimbursement is requested must be completed as set forth in the Scope of Work.
- 12.2 The Grant Equipment is listed in the Scope of Work. For on-road vehicle and non-road equipment replacement projects only, PERFORMING PARTY may substitute a replacement vehicle and/or engine for the unit listed in the Scope of Work; provided that the substitute unit meets all eligibility and other requirements, is certified to the same or better  $NO_x$  emission standard or family emission limit (FEL) and will result in the same or better  $NO_x$  emissions reductions as the unit listed. Any substitution is subject to review and approval by TCEQ. For other project types and categories, PERFORMING PARTY may not substitute different Grant Equipment for the units listed in the approved Application without approval from the TCEQ.
- 12.3 The PERFORMING PARTY agrees to continuously own, or otherwise commercially finance the Grant Equipment; continuously maintain registration of the Grant Equipment in Texas; and operate the Grant Equipment in Texas for the specified Activity Life, regardless of the financing arrangements used for the purchase of the Grant Equipment, and subject to the more specific provisions contained in Article 14 of the General Conditions of this Contract.

# **Professional Quality**

12.4 The PERFORMING PARTY shall be responsible for the professional quality, technical accuracy, timely completion and the coordination of all Grant Activities under this Contract.

# Supervision and Superintendence

12.5 The PERFORMING PARTY is responsible for the supervision, inspection and direction of the Grant Activities in a competent and efficient manner, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Grant Activities in accordance with the Contract Documents. The PERFORMING PARTY shall be solely responsible for the means, methods, techniques, sequences, and procedures of the Grant Activities. The PERFORMING PARTY agrees to completely implement the Grant Activities in accordance with the Contract.

#### **Materials & Equipment**

- 12.6 Unless otherwise specified in the Contract, the PERFORMING PARTY will assume full responsibility for all materials, equipment, labor, transportation, tools, appliances, fuel, power, light, heat, telephone, water, sanitary facilities, temporary facilities and all other facilities and incidentals necessary for the implementation and completion of the Grant Activities.
- 12.7 Unless otherwise expressly agreed by the TCEQ, all Grant Equipment will be of good quality and as provided in the Contract Documents. All materials and equipment shall be applied, installed, connected, erected, used, cleaned and conditioned, and maintained in accordance with instructions of the applicable manufacturer and supplier.
- 12.8 The PERFORMING PARTY agrees to maintain the Grant Equipment as necessary to keep the Grant Equipment in good condition and functioning at Optimum Performance during the Activity Life. Failure to maintain the Grant Equipment as necessary to achieve the required Annual Usage shall constitute a material breach of this Contract.
- The PERFORMING PARTY agrees that the emissions reductions generated by each activity over the Activity Life may not be used for credit under any state or federal emissions reduction credit averaging, banking, or trading program. Emissions reductions generated may not be used as a marketable emissions reduction credit and may be used to demonstrate conformity with the state implementation plan. PERFORMING PARTY agrees that any marketable credits generated by emissions reduction measures are transferred to the TCEQ, and that the reductions are permanently retired. The PERFORMING PARTY may not combine with this grant funding from other incentive programs that require transfer of the emissions reductions to that other program.

# ARTICLE 13. PERFORMING PARTY'S RESPONSIBILITIES TO THE TCEQ: INSURANCE, REPAIR, AND REPLACEMENT

- 13.1 Unless otherwise expressly agreed by the TCEQ, the PERFORMING PARTY must obtain and maintain a policy of insurance for the Activity Life which is sufficient to provide for replacement of Grant Equipment which is lost, stolen, or irreparably damaged. Governmental entities may use an established self-insurance program to satisfy this requirement. If requested by the TCEQ, the PERFORMING PARTY shall provide proof of insurance coverage. The TCEQ may approve alternative forms of insurance to comply with this requirement, including evidence of self-insurance. The TCEQ may also waive this requirement, at its sole discretion, for certain types of entities. Previously submitted certificates of insurance coverage may be amended to reflect newly extended coverage. A failure to comply with this requirement is considered a material breach of the Contract.
- 13.2 Upon the occurrence of a repairable malfunction of or damage to Grant Equipment which affects emissions reductions during the Activity Life, the PERFORMING PARTY will repair and restore the Grant Equipment to the level of Optimum Performance.
- 13.3 Upon the occurrence of loss, theft, or irreparable damage of Grant Equipment during the Activity Life, the PERFORMING PARTY will replace the lost, stolen, or damaged Grant Equipment with similar equipment which achieves the same Optimum Performance or better. The replacement Grant Equipment must be in operation no later than 60 consecutive days from the occurrence of loss, theft, or damage, unless the TCEQ expressly agrees to a longer period. Replacement Grant Equipment must meet all eligibility requirements applicable to the original Grant Equipment and is subject to all the requirements applicable to Grant Equipment contained in this Contract.
- 13.4 The PERFORMING PARTY shall fully comply with all requirements of any agreements with third parties that have a security interest or similar interest in the Grant Equipment. Repossession, seizure, or any other event where the PERFORMING PARTY loses possession of the Grant Equipment shall be considered a material breach of this Contract and shall require the return of grant funds.

# ARTICLE 14. PERFORMING PARTY'S RESPONSIBILITIES TO THE TCEQ: GRANT ACTIVITIES

- 14.1 The emissions reduction benefit supporting the award of this grant is based upon the PERFORMING PARTY's successful performance of the Grant Activities as detailed in the Scope of Work.
- 14.2 The PERFORMING PARTY agrees that if the usage of the Grant Equipment does not meet the requirements listed in the Scope of Work, the PERFORMING PARTY will return the grant funds to the State Trust.
  - 14.2.1 The determination of whether return of funds is required will be primarily based on whether the Grant Equipment is used and maintained in the manner and area specified in the Scope of Work during the Activity Life.
- 14.3 State law and TCEQ policy require that TCEQ remain in contractual privity with the entity operating the Grant Equipment. TCEQ must retain the ability to enforce until after the Activity Life of this Contract. Any act by the PERFORMING PARTY that impairs the TCEQ's ability to enforce the Contract, including sale of the Grant Equipment, transfer of the Grant Equipment, loss of the Grant Equipment, sale of the PERFORMING PARTY's business interests, or liquidation of the PERFORMING PARTY's assets (including the Grant Equipment), shall constitute a material breach of this Contract and shall require the return of grant funds.
  - 14.3.1 The decision by TCEQ on whether to require return of grant funds may include consideration of whether the Grant Equipment will continue to be used in a manner consistent with the Scope of Work. If TCEQ, in its sole discretion, allows the assignment of this Contract, the PERFORMING PARTY and proposed assignee will be required to enter a TCEQ Consent to Assignment agreement that shall include the assignee's obligation to accept this Contract and to continue to use the Grant Equipment subject to the terms of this Contract.
- 14.4 If the PERFORMING PARTY is required to return grant funds, the TCEQ, at its sole discretion, may allow for the return of a pro-rated share of the reimbursement funds reflecting a partial failure to perform the requirements of the Scope of Work. This determination shall depend on factors including, but not limited to, use of the grant equipment in a manner that maintained overall program eligibility, full completion of reimbursement and equipment disposition requirements, the PERFORMING PARTY's good-faith efforts to

perform the grant activities during the Activity Life, and the PERFORMING PARTY's compliance with notification requirements of this Contract (i.e., notification before sale of equipment).

# ARTICLE 15. PERFORMING PARTY'S RESPONSIBILITIES TO THE TCEQ: PROJECT STATUS, AND LONG-TERM MONITORING

- 15.1 As a condition of receiving grant funds, the PERFORMING PARTY agrees to maintain and operate the Grant Equipment as specified in the Scope of Work for the Activity Life of this Contract.
- 15.2 If requested by the TCEQ during a periodic review, the PERFORMING PARTY shall provide information on the status and completion of grant activities. The PERFORMING PARTY shall provide such information on the form or in a format requested by the TCEQ, and within a reasonable time frame as may be requested by the TCEQ.
- 15.3 The PERFORMING PARTY agrees that failure to comply with the Scope of Work during the Activity Life and/or submitting documents with false, incorrect, or incomplete information constitutes a material breach of this Contract and may require a return of the reimbursement grant funds.

# ARTICLE 16. PERFORMING PARTY'S RESPONSIBILITIES TO THE TCEQ: DISPOSITION OF REPLACED VEHICLES AND ENGINES

- 16.1 The PERFORMING PARTY agrees to dispose of the vehicles, equipment, and engines being replaced by complete destruction or otherwise rendering them permanently inoperable. This may be performed by complete crushing of the vehicle and engine or putting a 3-inch or larger hole through the engine block on both sides (or otherwise destroying it) and cutting both frame rails in half. The structural damage to the vehicle or equipment must be such that repairs are not possible.
- The PERFORMING PARTY shall verify the final disposition of the vehicles and engines replaced under this Contract on the TCEQ-provided form. The PERFORMING PARTY must submit a copy of a Texas Nonrepairable Vehicle Title issued by the Texas Department of Motor Vehicles (TxDMV) for the on-road vehicle(s) replaced under this Contract. The Texas Nonrepairable Vehicle Title must be submitted to the TCEQ simultaneously with the required disposition documentation. The final disposition forms shall be submitted prior to or with the Request for Reimbursement.
- 16.3 The PERFORMING PARTY must submit photographs of the vehicles and engines being destroyed, both before and after the vehicles, equipment, and/or engines are destroyed or rendered inoperable. The TCEQ must approve the forms and supplemental documentation submitted by the PERFORMING PARTY to meet the disposition requirement. Such approval is at the sole discretion of TCEQ. The PERFORMING PARTY shall provide TCEQ with any clarification and additional documentation as requested by TCEQ to approve disposition.
- 16.4 The PERFORMING PARTY agrees that failure to properly destroy and render permanently inoperable a vehicle or engine replaced under this Contract will result in non-payment of the grant funds. This Article shall also apply to a failure to provide properly completed documentation of final disposition of equipment as required by this Contract.

# Credit for Replaced Vehicles Or Equipment

- 16.5 In determining the expenses eligible for reimbursement under this Contract, the cost of replacement or repower activities shall be reduced by the value of any credit or other financial compensation received by the PERFORMING PARTY for the sale or trade-in of the destroyed vehicles, equipment, or engines being replaced, including, the parts from those vehicles, equipment, or engines, for the sale of the scrapped vehicles, equipment, engines being replaced, trade-in of engines for remanufacture, or insurance proceeds.
- 16.6 For on-road vehicle and non-road equipment replacement activities, the TCEQ may use a default scrappage value of \$1,000 in lieu of the actual value and in lieu of the PERFORMING PARTY reporting the value to the TCEQ. For activities involving the repower of heavy-duty equipment the default scrappage value is \$250.
- 16.7 If TCEQ does not use the above default scrappage values, the <u>actual</u> scrappage value or other value received for the old vehicle, equipment, or engine is considered a cost of performing the Grant Activities and as such must satisfy the cost guidelines of this Contract. The value received for the vehicle or equipment being replaced must be the result of arms-length bargaining with the entity disposing of the replaced vehicle or equipment and must reflect actual market value.

#### ARTICLE 17. PERFORMING PARTY'S RESPONSIBILITIES: ADMINISTRATIVE REQUIREMENTS

# Access to Records, Grant Equipment, and Vehicles, Equipment, and Engines Being Replaced

- 17.1 State Auditor's Office. The PERFORMING PARTY understands that acceptance of funds under this Contract acts as acceptance of the authority of the State Auditor's Office, or any successor agency, to conduct an audit on investigation in connection with those funds. Under the direction of the legislative audit committee, an entity that is the subject of an audit or investigation by the State Auditor's Office must provide the State Auditor with access to any information the State Auditor considers relevant to the investigation or audit. The PERFORMING PARTY further agrees to cooperate fully with the State Auditor's Office or its successor in the conduct of the audit or investigation, including providing all records requested. The PERFORMING PARTY will ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through the PERFORMING PARTY and the requirement to cooperate is included in any subcontract it awards under this Contract. The PERFORMING PARTY will include in all subcontracts for work under this Contract a requirement that subcontractors will provide access to all relevant financial records including bank statements.
- 17.2 The PERFORMING PARTY shall allow access to all Grant Equipment by the TCEQ, the State of Texas, the State Auditor's Office, and any of their authorized representatives for the purpose of review, on-site inspection, and/or audit. In addition, the PERFORMING PARTY shall allow access to all vehicles, equipment, and engines being replaced under this Contract.

# Maintenance of Records

- 17.3 The PERFORMING PARTY shall maintain books, records, documents, and other evidence reasonably pertinent to performance of the Grant Activities and requirements of the Contract, including the Contract or amendments thereto. All financial records will be maintained in accordance with generally accepted accounting principles, the UGMS, and this Contract. The PERFORMING PARTY shall also maintain the financial information and data used in the preparation or support of any request for reimbursement (direct and indirect), price or profit analysis for this Contract, and a copy of any cost information or analysis submitted to the TCEQ. The PERFORMING PARTY shall allow access to all the material including bank statements and records by the TCEQ, the State of Texas, the State Auditor's Office, and any of their authorized representatives for the purpose of review, inspection, audit, excerpts, transcriptions, and/or copying during normal business hours. The PERFORMING PARTY shall provide appropriate facilities and equipment for such access and inspection.
- 17.4 The PERFORMING PARTY agrees to the disclosure of all information and reports resulting from access to records under this Contract.
- 17.5 Records under this Article shall be maintained by the PERFORMING PARTY during performance of Grant Activities under this Contract and for three (3) years after the Activity Life of equipment under this Contract. If any litigation, claim, negotiation, audit, cost recovery, or other action (including actions concerning costs of items to which an audit exception has been taken) involving such records has been started before the expiration of the three year period, such records must be retained until completion of the action or resolution of all issues which arise from it, or until the end of the regular three year period, whichever is later.
- 17.6 Subject to the obligations and conditions set forth in this Contract, title to Grant Equipment (hereafter referred to in this Article as "property") acquired under this Contract by the PERFORMING PARTY will vest upon acquisition in the PERFORMING PARTY.
- 17.7 The PERFORMING PARTY may develop and use its own property management system, which must comply with all applicable federal, state, and local laws, rules, and regulations. If an adequate system for accounting for property owned by the PERFORMING PARTY is not in place or is not used properly, the *State Property Accounting Process User's Guide* (<a href="https://fmx.cpa.state.tx.us/fmx/pubs/spaproc/index.php">https://fmx.cpa.state.tx.us/fmx/pubs/spaproc/index.php</a>) issued by the State Comptroller of Public Accounts will be used as a guide for establishing such a system. The property management system used by the PERFORMING PARTY must meet the requirements set forth in this Article.
  - 17.7.1 Property records of Grant Equipment must be maintained that include a description of the property, a serial number or other identification number, the source of property, usage and mileage (separated by location of usage and mileage), who holds title, the acquisition date, and the cost of the property, percentage of TCEQ participation in the cost of the property, the

- location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.
- 17.7.2 The PERFORMING PARTY will conduct a physical inventory of all Grant Equipment no less frequently than once every two years during the Activity Life and reconcile the results of such inventories with the appropriate property records. Property control procedures utilized by the PERFORMING PARTY must include adequate safeguards to prevent loss, damage, or theft of the Grant Equipment.

## Accounting Systems

17.8 The PERFORMING PARTY shall have an accounting system which accounts for costs in accordance with generally accepted accounting standards or principles and complies in all material respects with applicable State law, regulations, and policies relating to accounting standards or principles. The PERFORMING PARTY must account for costs in a manner consistent with such standards or principles. This system shall provide for the identification, accumulation, and segregation of allowable and unallowable costs among projects.

## PERFORMING PARTY's Representative

- 17.9 The PERFORMING PARTY will identify in writing a Project Representative as the person authorized to receive and respond to inquiries and requests from the TCEQ, to manage the Grant Activities being performed, and to act on behalf of the PERFORMING PARTY.
- 17.10 The PERFORMING PARTY agrees to ensure that its authorized Project Representative, or someone to whom that person has delegated his or her authority, is available during regular business hours for consultation with the TCEQ. Written notice of any such delegation will be provided to the TCEQ.

### Personnel

17.11 PERFORMING PARTY shall provide competent, suitably qualified personnel, whether employees or contractors to implement the Grant Activities as required by the Contract Documents. The PERFORMING PARTY must always maintain good discipline and order on the location of Grant Activities.

### **Permits**

17.12 Unless otherwise provided in the Contract Documents, the PERFORMING PARTY shall obtain and pay for all transportation, construction, and operating permits and licenses required for performance of this Contract. Failure to comply with a permit or administrative order issued by the TCEQ or other state agency may result in a determination, within the sole discretion of the TCEQ, that the best interests of the state are served by withholding reimbursement or by the application of other remedies under this Contract.

## Laws and Regulations

17.13 The PERFORMING PARTY shall give all notices and comply in all material respects with all Laws and Regulations applicable to furnishing and performance of the Grant Activities. Except where otherwise expressly required by applicable Laws and Regulations, TCEQ shall not be responsible for monitoring PERFORMING PARTY's compliance with any Laws or Regulations.

## Data and Publicity

- 17.14 All data and other information developed under this Contract shall be furnished, upon request, to the TCEQ and shall be public data and information except to the extent that it is exempted from public access by the Texas Public Information Act, Texas Government Code, Chapter 552. Upon termination of this Contract, if requested by the TCEQ, all copies of data and information developed under this Contract, including databases for which the costs of preparation are reimbursed under this Contract, shall be furnished at no charge to the TCEQ, and shall become the property of the TCEQ.
- 17.15 The PERFORMING PARTY agrees to notify TCEQ prior to releasing any information to the news media regarding the Grant Activities. The PERFORMING PARTY will acknowledge the financial support of the TCEQ whenever a Grant Activity reimbursed, in whole or part, is publicized or reported in news media or publications.

## Safety and Protection

17.16 Where applicable, the PERFORMING PARTY shall be responsible for requiring employees, contractors, and subcontractors to maintain and supervise all necessary safety precautions and programs in connection with the Grant Activities. The PERFORMING PARTY shall take all necessary safety precautions.

17.17 In performing the Grant Activities hereunder, the PERFORMING PARTY undertakes performance for its own benefit and not as agent for the TCEQ.

## Lobbying Activities

17.18 As set forth in these Contract Documents, and in accordance with the UGMS and State law, the PERFORMING PARTY shall not use funds provided under this Contract to support lobbying or political activity either directly or indirectly.

## ARTICLE 18. TCEQ'S RESPONSIBILITIES

- 18.1 The Executive Director of the TCEQ will identify a person authorized to give direction to the PERFORMING PARTY and act on behalf of the TCEQ.
- 18.2 The TCEQ will not supervise, direct or have control or authority over, nor be responsible for, PERFORMING PARTY's means, methods, techniques, sequences or procedures relating to the implementation project or the Safety precautions and programs incident thereto, or for any failure of PERFORMING PARTY to comply with Laws and Regulations applicable to the furnishing or performance of the Scope of Work. TCEQ will not be responsible for PERFORMING PARTY's failure to perform or furnish the Scope of Work in accordance with the Contract.
- 18.3 The TCEQ shall authorize the payment of reimbursement funds from the State Trust for Grant Activities specified in the Scope of Work and performed in accordance with the requirements of this Contract.

### ARTICLE 19. TERMINATION

- 19.1 Termination of this Contract under any circumstances shall not constitute a waiver of any rights or remedies that TCEQ may exercise under this Contract or otherwise as provided by law.
- This Contract may be terminated in whole or in part by the TCEQ for cause, including a material failure to comply with the requirements of the Contract Documents. The TCEQ will provide written notice (delivered by certified mail, return receipt requested) of intent to terminate. The PERFORMING PARTY shall have twenty (20) calendar days from the date such notice is sent to cure performance deficiencies.
- 19.3 This Contract may be terminated in whole or part by the TCEQ if any delay or failure of performance of the Grant Activities occurs by either PERFORMING PARTY or by the TCEQ due to a force majeure event. Neither PERFORMING PARTY nor TCEQ shall be liable to the other for any delay in, or failure of performance, of any requirement included in the Contract caused by force majeure. The existence of such causes of delay or failure shall extend the period of performance until after the causes of delay or failure have been removed, provided that the non-performing party exercises all reasonable due diligence to perform. Force majeure is defined as acts of God, war, fires, explosions, hurricanes, floods, failure of transportation, or other causes that are beyond the reasonable control of either party and that by exercise of due foresight such party could not reasonably have been expected to avoid, and which, by the exercise of all reasonable due diligence, such party is unable to overcome. Force majeure does not include ordinary delays that are common to the industry or location. Each party must inform the other in writing, with proof of receipt, within three (3) business days of the existence of such force majeure, or otherwise waive this right as a defense.
- 19.4 This Contract may be terminated in whole or in part by the TCEQ for its convenience. This includes without limitation the Trustee's denial of a request for funds, which results in the unavailability of funds to complete this project. To the extent feasible, in the sole discretion of the TCEQ, the TCEQ will provide a minimum of ten (10) days written notice (delivered by certified mail, return receipt requested) of intent to terminate.
- 19.5 If after termination for the PERFORMING PARTY's material failure to comply with the requirements of the Contract Documents, it is determined that the PERFORMING PARTY had not so failed, the termination shall be deemed to have been affected for the convenience of the TCEQ.
- 19.6 In accordance with this Contract, the PERFORMING PARTY does not have an expectation or entitlement of continued receipt of financial assistance under this Contract. Therefore, PERFORMING PARTY waives any claim for damages arising from or resulting from TCEQ's termination of this Contract for any reason.
- 19.7 If, during the performance of the Grant Activities, the PERFORMING PARTY chooses to not complete the Grant Activities and withdraw from the obligations under this Contract, the PERFORMING PARTY may terminate this Contract by providing ten (10) days written notice to the TCEQ and returning any reimbursements already received to the Trustee of the State Trust.

19.8 The PERFORMING PARTY acknowledges that certain requirements of this Contract shall survive an event of termination. The PERFORMING PARTY agrees to performance of Grant Activities in accordance with the Contract Documents beyond the Contract Period and through the end of the Activity Life of each Activity included in the Scope of Work for which reimbursement has been requested. TCEQ reserves the right to assert any remedies available by law and under this contract for PERFORMING PARTY's performance of the Grant Activities for the length of the Activity Life of all Grant Activities.

## ARTICLE 20. REMEDIES AVAILABLE TO THE TCEQ

- 20.1. The following Schedule of Remedies applies in the event of any breach of the requirements of this Contract; including the substandard performance of Grant Activities or other failure, material or otherwise, to conform to the requirements of the Contract or applicable law:
  - 20.1.1 Issue notice of substandard performance or other non-conforming act or omission;
  - 20.1.2 Reject substandard performance and request corrections without charge to the TCEQ;
  - 20.1.3 Request and receive return to State Trust of any over payments or inappropriate payments;
  - 20.1.4 Reject reimbursement request and suspend all or part of any payment, pending accepted revision of substandard performance or non-conformity;
  - 20.1.6 Suspend all or part of the Scope of Work and/or payments pending accepted revision of substandard performance or non-conformity;
  - 20.1.7 Terminate the contract and demand and receive return to State Trust of all unexpended funds and any improperly expended funds;
  - 20.1.8 Demand restitution and return to State Trust of any payments where performance is subsequently determined non-conforming; or
  - 20.1.9 Require payment of liquidated damages to the State Trust.
- 20.2. *Liquidated Damages*. The parties agree that the actual damages that may be sustained by TCEQ or the State Trust due to the PERFORMING PARTY breaching its obligations under this Contract are uncertain and difficult to ascertain. Therefore, the parties agree that reasonable compensation for such breach will be the sum of the total of grant funds paid from the State Trust, reduced by the percentage of the total Activity Life that the PERFORMING PARTY met prior to the breach. Determination of timely and accurate documentation supporting the PERFORMING PARTY's activity is in the sole discretion of TCEQ. The PERFORMING PARTY hereby promises to pay to the State Trust, such sum as liquidated damages, and not as a penalty, in the event of such breach.
- 20.3. *Cumulative Remedies.* TCEQ may avail itself of any remedy or sanction provided in this contract or in law to recover any losses arising from or caused by the PERFORMING PARTY's substandard performance or any material non-conformity with the contract or the law. The remedies and sanctions available to either party in this contract shall not limit the remedies available to the parties under law.

## ARTICLE 21. INDEMNIFICATION

- 21.1 To the extent permitted by law, the PERFORMING PARTY agrees to indemnify and hold harmless the State of Texas and the TCEQ, including its employees and officers, against and from any and all liability, loss, or damage arising out of actions of the PERFORMING PARTY, its subcontractors, agents, officers and directors, principals and employees in the performance of this Contract.
- 21.2 This paragraph is not intended and shall not be construed to require the PERFORMING PARTY to indemnify or hold harmless the State or the TCEQ for any claims or liabilities resulting from the negligent acts or omissions of the TCEQ or its employees.

## ARTICLE 22. AMENDING AND SUPPLEMENTING CONTRACT DOCUMENTS

The Contract Documents may be amended to provide for additions, deletions, and revisions in the Scope of Work or to modify the terms and conditions of this Contract in one or more of the following ways: a formal Written Amendment or a Minor Change.

## ARTICLE 23. STANDARDS FOR PERFORMING PARTY'S PERFORMANCE

- 23.1 The PERFORMING PARTY agrees that the standards set forth below are appropriate standards for the PERFORMING PARTY's performance during the Contract.
  - 23.1.1 Quality and Accuracy. Standard: The PERFORMING PARTY's Grant Activities conform to the requirements of this Contract.

- 23.1.2 Timeliness. Standard: The PERFORMING PARTY's Grant Activities are completed on schedule.
- 23.1.3 Reports and Administrative and Financial Operations. Standard: The PERFORMING PARTY's administrative and financial operations comply with all obligations in law and in this Contract, including record-keeping, reimbursement requests, audits, allowable costs, payments to subcontractors, and restricted expenditures.
- 23.1.4 Communication. Standard: The PERFORMING PARTY's accessibility, responsiveness, and cooperativeness with respect to any contract-related concerns communicated by the TCEQ; and including the PERFORMING PARTY's demonstrated relationship with subcontractors.
- 23.1.5 Other. Standard: Other factors unique to the type of project, as determined by the TCEQ.
- 23.2 The TCEQ will monitor the PERFORMING PARTY's performance and evaluate the level of compliance with the standards utilizing the performance measures set forth below.
  - 23.2.1 Exceeds Expectations. The PERFORMING PARTY fully complied with all the standards on a consistent basis.
  - 23.2.2 Satisfactory Performance. The PERFORMING PARTY's performance complied with all of the standards, with only typical errors, delays, or other problems that needed to be corrected.
  - 23.2.3 Marginal Performance. The PERFORMING PARTY's performance was acceptable, although a significant number of deficiencies had to be corrected before the contract requirements could be considered met.
  - 23.2.4 Unsatisfactory Performance. The PERFORMING PARTY's performance was not acceptable, even after attempts to correct deficiencies.

## Performance Evaluation

- 23.3 The TCEQ may prepare a written evaluation of the performance of the PERFORMING PARTY upon the completion of the Activity Life, or more frequently, as deemed necessary by the TCEQ. A copy of the evaluation will be provided to the PERFORMING PARTY and a copy retained in the TCEQ's contract files. The content of the evaluation shall be wholly within the sole discretion of the TCEQ. The PERFORMING PARTY may provide a written statement which explains or disagrees with the evaluation, which will be incorporated into the evaluation. The PERFORMING PARTY waives any claim for damages against TCEQ for the evaluation.
- 23.4 The performance rating on the contractor evaluations may be considered by the TCEQ in evaluating an application from the PEFORMING PARTY for additional funding under this program. The PERFORMING PARTY understands that a rating of marginal or unsatisfactory performance may have a negative impact on decisions regarding funding for additional projects applied for by the PERFORMING PARTY.

## **ARTICLE 24. MISCELLANEOUS**

- 24.1 Any notice issued pursuant to this Contract shall be addressed to the respective party's Authorized Project Representative, or to such other address as they have theretofore specified by written notice. Such notices shall be sent by certified or registered mail or shall be delivered in hand and a receipt provided thereof. Any notice or other written communication shall be considered delivered upon date of receipt.
- 24.2 For this Contract to be effective, an authorized principal of a corporation, an unincorporated business organization, or association must sign the Contract. An agent signing for a corporation must be authorized to sign by the corporation.
- 24.3 Unless authorized in writing by the TCEQ in accordance with this Contract, no waiver of any obligation of the PERFORMING PARTY shall bind the TCEQ. Any such authorized waiver shall not constitute a continuing waiver of the obligation.
- 24.4 The PERFORMING PARTY is not a "vendor" of goods and services within the meaning of Texas Government Code, Chapter 2251. Therefore, the provisions for interest on payments under that statute do not apply to this Contract.
- 24.5 When any period of time is referred to in the Contract Documents by days, it will be computed to exclude the first and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a State of Texas or federal holiday, such day will be omitted from the computation.
- 24.6 A calendar day of twenty-four (24) hours measured from midnight to the next midnight will constitute a day.

- 24.7 By stating at any place in this Contract that any particular non-compliance is a material breach, TCEQ does not limit the acts or omissions which may constitute a material breach.
- 24.8 The parties to this Contract expressly agree that time is of the essence of this contract.
- 24.9 The terms include, included, including, includes, when used in this Contract shall mean "includes but not limited to."
- 24.10 Notice of Claim. Should the TCEQ or the PERFORMING PARTY suffer injury or damage to person or property because of any error, omission or act of the other party or of any of the other party's employees or agents or others for whose acts the other party is legally liable, claim will be made in writing to the other party within a reasonable time of the first observance of such injury or damage. The provisions of this paragraph shall not be construed as a substitute for or a waiver of the provisions of any applicable statute of limitations or repose or sovereign immunity.
- 24.11 All representations, indemnifications, warranties and guarantees made in, required by or given in accordance with the Contract Documents, as well as all continuing obligations indicated in the Contract Documents, will survive final payment, completion and acceptance of the Grant Activities and termination or completion of the Contract until such time as enforcement of such representations, indemnifications, warranties and guarantees is barred by the applicable statute of limitations.
- 24.12 This Contract is not transferable or otherwise assignable by the PERFORMING PARTY without the written consent of the TCEQ and any attempted transfer without such consent is void. Notwithstanding any provisions relating to assignment in the Uniform Commercial Code, no delegation by a party hereto of any duties or obligations nor assignment by a party hereto of any rights under or interests in the Contract Documents will be binding on another party hereto without the written consent of the party sought to be bound. Specifically, but without limitation, monies that may become due and monies that are due may not be assigned without such consent (except to an extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.
- 24.13 Subject to the provisions of Article 14, General Conditions PERFORMING PARTY'S RESPONSIBILITIES TO THE TCEQ: GRANT ACTIVITIES, Subsection 14.3, the TCEQ and the PERFORMING PARTY each binds itself, its successors, assigns and agents to the other party hereto, successors, assigns and representatives in respect to all covenants, agreements and obligations contained in the Contract Documents.
- 24.14 The parties hereby agree that this Contract does not waive the State's sovereign immunity relating to suit, liability, and the payment of damages. No TCEQ personnel or agents are authorized to waive sovereign immunity by accepting, on behalf of TCEQ, goods or services which are not required under the Contract Documents or any conforming amendment. The parties further agree that all claims, suits, or obligations arising under or related to this Contract are subject to and limited to the availability of funds appropriated by the Texas Legislature for that respective claim, suit, or obligation.
- 24.15 The PERFORMING PARTY acknowledges and agrees that this Contract has been executed, and will be administered in Travis County, Texas. The PERFORMING PARTY also acknowledges and agrees that any permissible cause of action involving this Contract will arise solely in Travis County. This provision does not waive the TCEQ's sovereign immunity.
- 24.16 Any provision of the Contract Documents held to be void or unenforceable under any Laws or Regulations shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon TCEQ and PERFORMING PARTY. The parties agree that the Contract Documents will be reformed to replace a stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.
- 24.17 Bankruptcy. If the PERFORMING PARTY files for bankruptcy, the PERFORMING PARTY shall immediately notify TCEQ in writing according to the Notice provisions AND send notification by certified mail directly to TCEQ Bankruptcy Program. The PERFORMING PARTY shall place TCEQ on the distribution list for bankruptcy court documents. The PERFORMING PARTY's notice to the bankruptcy program must include the appropriate contract number(s).

HICKORY CREEK POLICE DEPT. has adopted a detailed written policy on racial profiling. Our policy:

- 1.) clearly defines acts constituting racial profiling;
- 2.) strictly prohibit peace officers employed by the <u>HICKORY CREEK POLICE DEPT</u>. from engaging in racial profiling;
- 3.) implements a process by which an individual may file a complaint with the <u>HICKORY CREEK POLICE DEPT</u>. if the individual believes that a peace officer employed by the <u>HICKORY CREEK POLICE DEPT</u>. has engaged in racial profiling with respect to the individual;
- 4.) provides public education relating to the agency's complaint process;
- 5.) requires appropriate corrective action to be taken against a peace officer employed by the <u>HICKORY CREEK POLICE DEPT.</u> who, after an investigation, is shown to have engaged in racial profiling in violation of the <u>HICKORY CREEK POLICE DEPT.</u> policy adopted under this article;
- 6.) require collection of information relating to motor vehicle stops in which a citation is issued and to arrests made as a result of those stops, including information relating to:
  - a.) the race or ethnicity of the individual detained;
  - b.) whether a search was conducted and, if so, whether the individual detained consented to the search; and
  - c.) whether the peace officer knew the race or ethnicity of the individual detained before detaining that individual; and
- 7.) require the chief administrator of the agency, regardless of whether the administrator is elected, employed, or appointed, to submit an annual report of the information collected under Subdivision(6) to:
  - a.) the Commission on Law Enforcement; and
  - b.) the governing body of each county or municipality served by the agency, if the agency is an agency of a county, municipality, or other political subdivision of the state.
