

NOTICE:

Hickory Creek Residents

Streets will be closing daily:

Wednesday May 6th AND Thursday May 7th

****See other side for map of your street's specific day of closure****

WHY IS MY ROAD CLOSING AGAIN?

Weather delays have resulted in a change to the project schedule. In order to allow the weather pattern to pass, we will postpone this project until May 6th. Thank you for your patience.

Work will commence at 7:00 AM on the streets being treated and will be closed until approximately 7:00 PM each day of the project. The roads will reopen at that time to allow homeowners vehicles access to their homes. A tow truck will be called for any cars parked on the streets scheduled to be treated that day. Please do not park within 50 feet of any street being worked on. Towing expenses will be the owner's responsibility.

WHAT IF I DRIVE ON THE ROAD WHILE CLOSED?

You will be liable for damage to your vehicle and to repair the area of road you have driven on. Minimum repair cost is \$750 to repair the installed surface treatment. In the event of a life-threatening emergency, emergency vehicles will not be stopped from driving on the treated surface.

SHUTTLE SERVICE

A shuttle service is being provided for your convenience from **7am until 7pm** while the streets are being treated. The shuttle will take you to/from your car. The shuttle service driver's ability to recognize the curing stage of the newly installed surface treatment and the lighter weight vehicle makes this service possible.

To reach the shuttle please call 405-658-7727. The shuttle number will be available to take your call beginning at 7am on your closure day.

SHUTTLE DISCLAIMER: There are times when the entire roadway is simply not available for any travel whatsoever and the golf cart will not be able to perform the service until the proper amount of curing has taken place. We appreciate your cooperation as we work to improve your roadways.

ALL OUTSIDE WATER MUST BE TURNED OFF

Water may damage the installation of the surface treatment. Please do not have sprinklers, hoses, etc. set to come on 24 hours before the road closure, during the road closure, or 24 hours after the road closure. Damage due to outdoor water use will result in the same minimum repair cost of \$750 to repair the installed surface treatment.

WEATHER CANCELLATION PROCEDURES:

If your street is cancelled due to weather, THAT DAY will be rescheduled. All other days will proceed as scheduled. You will receive notification of your new closure date 2-3 days prior to the newly rescheduled date. You will not receive a cancellation notice (if we have removed the barricades, you can bring your cars back in) and you will not receive immediate notice of your new date. If you require earlier notification of your rescheduled closure date, please call the office number and we will be happy to let you know of any approved dates.
